

## IN FAVORS ENDING ARMY OF 260,000 MEN

led by Universal  
Military Training  
System.

## KEES HIS ANNUAL REPORT

WASHINGTON, Nov. 22.—A  
g army of about 260,000  
backed by a universal mil-  
training system to supply  
the would meet the peace  
requirements of the United  
General Payton C. March,  
of staff declared in his an-  
report and made public to-  
and which probably forecasts  
mendations to be made by  
ar department when re-con-  
eral March founded hit  
ent on lessons of the world  
That proved conclusively,  
id, that ability to be self  
ing for an indefinite period  
the army was adequately  
red, was the nation's great  
ilitary asset.

far as purely naval opera-  
are concerned he said, the  
d States has nothing to fear  
any conceivable combination  
val powers; but must be pre-  
to prevent seizure of bases  
ent on landing troops.  
without the possession of such  
in France, the report said,  
not have landed our army  
pective of the fact that the  
had control of the sea.

March recommended  
the strength of the regular  
at five army corps, main-  
ed at half strength in peace  
The proposals the depart-  
presented tentatively to  
gress during the special ses-  
called for 599,000 men and  
statement of the chief of staff  
taken to indicate that this  
ld be scaled down to 260,000.  
the report defended the pres-  
staff system with authority  
trated in the chief of staff  
out of its efficiency could be  
ed, it said, in the fact that the  
ed States had sent more than  
00,000 men and vast supplies  
seas, thus becoming "a posi-  
factor in the military actions  
the war."

"I am convinced," General  
ch said, "that without a prop-  
y organized and efficient gen-  
staff with authority to formu-  
and execute the army pro-  
gram, it will in future years be  
possible for the activities of  
various agencies, services and  
rears of the war department to  
be controlled and directed to the  
tainment of the common end."  
Under the terms of the treat-  
peace," General March added,  
the German general staff is  
bolished. Had the Germans won  
the war, they would in all prob-  
ability have proscribed some of  
milar terms for the United  
ates."

"The war produced new prac-  
ces but new principles. The  
port said and "was not won  
s some predicted by a new and  
rrible development of modern  
cience," but by "men, munitions  
and morale."

"The American military achieve-  
ment was notable, "only because  
of assistance of our allies," Gen-  
eral March said.

"Military experts are agreed,  
General March said, that the bul-  
work of American power is its  
ility for self-sustenance.  
"This, involving, as it does,  
our unlimited resources of man-  
power and wealth," he said, "con-  
stitutes our greatest national mil-  
itary asset, provided we are pre-  
pared to prevent the landing of  
our shores of an enemy of the  
size of which our own perfor-  
mance has demonstrated and the  
world can be landed by a first  
class power under certain condi-  
tions. These conditions are that  
it shall have control of the sea  
and control of the proper bases  
for debarkation."

"Accordingly, one of the  
very important lessons of this war  
that reasonable provision and a  
sound military policy demand  
that there shall be at all times  
available for all emergencies."

"Obviously such an attacking  
be at its weakest during  
it is attempting to  
on our shores. Dur-  
ill it be pos-  
numerical  
that he may  
stance of  
Only  
that a force can  
to full advantage  
st military asset by  
the time required to de-  
velop our resources and to or-  
ganize an army which will be ade-  
quate to any contingency."

"The size of such a force must  
be determined by a consideration  
of our extended coast line by the  
necessary dispersion of the force  
due to the distance from coast to  
coast and by the necessity of pro-  
viding for the safety of the Pan-  
ama Canal and other insular pos-  
sessions."

## BRITISH PRINCE LEAVES AMERICA ON HOMEWARD TRIP

Thousands Cheer Departure  
of Royal British  
Visitor.

NEW YORK, Nov. 22.—The  
Prince of Wales said good-bye to  
America today and sailed for his  
own land. Cheers of hundreds of  
thousands of New Yorkers rang  
in his ears as the Renown weighed  
anchor and steamed majestically  
down the North River. Edward  
Albert waved farewell to the  
great crowd gathered on the  
banks of the Hudson.

Airplanes dipped and circled  
overhead and salutes boomed  
from the American warships in the  
river as the Renown got  
underway. The prince remained  
at his post in the fighting top  
waving his hat in answer to the  
cheers until the shadows had  
finally hidden the shores.

Virtually up to the moment of  
sailing the prince was the center  
of picturesque functions. The  
first ceremony of the day was the  
conferring of decorations on more  
than 100 American soldiers,  
sailors and nurses. Among those  
decorated was Dr. Caroline Finley  
of the American women's overseas  
hospitals. She was made a  
member of the order of the Brit-  
ish empire in recognition of her  
care of influenza-stricken British  
prisoners released from German  
prison camps.

After the conferring of the de-  
corations the prince received on  
board the warship representatives  
of the city and state government,  
the press and those who had been  
his hosts and housemates during his  
stay in New York. The prince  
reiterated his gratitude at the  
welcome he had received and his  
regret at parting.

"But I am coming back," he  
said, "I want to see more of Amer-  
ica and the Americans."

The last official ceremony of the  
day was a review of 5,000 Boy  
Scouts who were massed along the  
beach beside the Renown. The  
prince made a special trip ashore  
to meet the youngsters and it gave  
him an occasion to prove that he  
also is numbered among the  
phrase-makers.

"Never hunt with yourselves,  
but with the pack," was the  
prince's advice to the scouts.

He had intended to make a  
speech but time was lacking and  
he had to content himself with  
handing a written message to  
Colon H. Livingstone, president  
of the national organization.

The last person to say good-  
bye to the prince was Admiral  
Sims, who was the guest of honor  
at a farewell luncheon given by  
the royal visitor. The anchor  
were already being weighed when  
the admiral left the ship. Five  
carrier pigeons were taken on  
board the Renown to be released  
500 miles at sea and return to  
New York with greetings from  
his prince to his New York hosts.

Mr. Robert Borden, premier of  
Canada went aboard to accom-  
pany the royal party to Halifax.

## WILSON-HITCHCOCK BREAK IS DENIED

WASHINGTON, Nov. 22.—Sec-  
retary Tumulty issued a state-  
ment today emphasizing the fact  
that no breach had occurred be-  
tween President Wilson and Sen-  
ator Hitchcock. He characterized  
the latter's leadership in the  
treaty fight as "masterly" and  
satisfactory to all friends of the  
administration.

Democratic Leader Hitchcock in  
a statement replying to the declar-  
ation of Republican Leader Lodge  
that the peace treaty issue should  
be settled in the coming cam-  
paign, he said today that he was  
confident a compromise would be  
worked out by which ratification  
could be secured.

The secretary also denied that  
the president was taking sides in  
any contest over the minority  
leadership in the senate.

"The statement carried in cer-  
tain newspapers that there has  
been a breach between the pres-  
ident and Senator Hitchcock is  
not true. Senator Hitchcock's  
management of the recent con-  
test over the ratification of the  
treaty of peace was all of the  
friends of the administration. No  
one is more appreciative of Sen-  
ator Hitchcock's fine efforts than  
the president himself."

## FOREMEN HONORED BY STATE LEGISLATURE

CHICAGO, Nov. 22.—Col. Mil-  
ton J. Foreman, commander of the  
Illinois Branch of the Ameri-  
can Legion today was elected  
chairman and secretary, respec-  
tively of the Illinois Board of Con-  
trol of the Legion at a directors'  
meeting. The board was formed  
to promote organization affairs.

The state organization it was  
enounced will urge posts to fight  
Bolshevism and other anti-Ameri-  
can propaganda by cooperating  
with regularly constituted au-  
thorities instead of taking mat-  
ters into their own hands. Reso-  
lutions were adopted urging posts  
to refrain from lawless demon-  
strations against these agitators.

## TIGHTEN STRINGS ON CURTAILMENT OF SOFT COAL

Many More Indus-  
tries Forced to  
Shut Down.

## MORE TRAINS TAKEN OFF

CHICAGO, Nov. 22.—Further  
restrictions on the use of coal and  
hardships on industry marked  
the twenty second day of the  
miners strike. W. T. Tyler, direc-  
tor of operations of the railroad  
administration passing thru today  
on his way to Washington, de-  
clared there was enough coal in  
the country for many months if it  
were supplied only to domestic  
consumers and essential indus-  
tries. He said that fully 70 per  
cent of the usual soft coal supply  
is used by consumers who would  
discontinue business for a couple  
of months without seriously in-  
juring the public welfare.

How carefully the coal commit-  
tees are handling the slender  
stores now coming from the mines  
still in operation was indicated  
in Chicago. Only about one third  
of 3,000 applications for coal  
were granted.

There was no appreciable in-  
crease in coal mined in non-union  
coal fields and those few where  
union men returned to work after  
their national officers cancelled  
the strike in obedience to a court  
order. Industry continued to  
shut down or predict cessation  
within a few days in a number of  
cities. The United States Gypsum  
Company of Chicago, announced  
that a number of mines thruout  
the country had been forced to  
close and others would probably  
have to close next week.

The George B. Lambert Manufac-  
turing Company of East Chicago,  
Ind., the Johnson-Breit Com-  
pany and the Hanford Produce  
Company, both of Sioux City,  
Iowa, and three flour mills in  
Northern Colorado were reported  
shut down today.

The Louisville & Nashville Rail-  
road discontinued six local trains  
in central and eastern Kentucky.  
Officials of the Columbus Min-  
ing Company and of Modewell  
and Co. operating mines in the  
Hazard Coal Field along the  
Louisville & Nashville Lines in  
Kentucky and Tennessee com-  
plained today that they had been  
unable to obtain sufficient cars  
to handle coal actually mined.

A car shortage prevented the  
Modewell Mines in Tennessee  
from operating more than two or  
three days a week, J. S. Penning-  
ton said.

Conditions in Northern Michi-  
gan, Wisconsin, Minnesota and  
the Dakotas were reported good  
by E. D. Brigham, chairman of  
the Duluth sub-committee.

In Chicago today elevated and  
surface cars were made headless  
as a conservation measure.

## PARLEY AGREES ON 48-HOUR WEEK

WASHINGTON, Nov. 22.—Re-  
cognition of the principle of an  
eight hour day and 48 hour week  
was contained in a committee re-  
port completed today for submis-  
sion to the international labor  
conference next week. In almost  
daily sessions since the confer-  
ence convened the committee in-  
cluding delegates representing  
governments, employers and labor  
arrived at an agreement by a se-  
ries of compromises. The report  
will recommend endorsement on  
an international agreement ap-  
plicable in all countries except  
Japan, India and other oriental  
nations.

For continuous industries it  
was conceded that a 56 hour  
week should be authorized and  
to make up for short days, such  
as may occur on Saturdays and  
holidays, that the time might be  
distributed thru the balance of  
the week even to the extent of  
permitting nine hours day until  
the time was accounted for.

A minimum of "time and a  
quarter" was fixed for overtime.  
It was decided to recommend  
a special commission to work out  
a plan for India and other coun-  
tries to be submitted to another  
conference.

## URGE HARDING TO MAKE RACE

WASHINGTON, Nov. 22.—  
Friends of Senator Warren G.  
Harding of Ohio after several  
days of conference with him and  
with other Republicans of promi-  
nence here formally announced  
today that an active effort would  
be made to secure for him the  
Republican nomination for pres-  
ident.

Declaring Ohio Republicans  
would line up solidly for Mr.  
Harding, Harry M. Daugherty, a  
member of the state executive  
committee said the Ohio senator had  
practically been forced into the  
contest.

## TENDER WINS FROM PITTS

Philadelphia, Nov. 22.—Low  
Tender of Philadelphia, defeated  
Charles Pitts of Australia, in a  
six round bout here tonight. Ten-  
der had the advantage of every  
round.

## MEXICO GOVERNMENT AFFRONT U. S. WITH JENKINS KIDNAPING

Facts in Hands of Foreign  
Relations Committee  
Member.

EL PASO, Texas, Nov. 22.—The  
positive assertion that informa-  
tion is in the hands of the foreign  
relations committee of the United  
States senate to the effect that  
Carranza government is delibera-  
tely seeking to affront the United  
States in connection with the  
kidnapping and subsequent arrest  
of William O. Jenkins, American  
consular agent at Puebla, Mexico,  
and the simultaneous promulga-  
tion of the oil properties national-  
ization decree was made tonight  
by a member of the sub-commit-  
tee who has arrived here to in-  
vestigate international conditions.

The committee member de-  
clared that formal request for  
the withdrawal of the oil decree  
had been forwarded to Mexico  
City in addition to the previous  
notification to the Mexican gov-  
ernment that the United States  
regards the nationalization order  
as one amounting to virtual con-  
fiscation. It also was pointed out  
that the Carranza decree putting  
into effect the oil manifesto was  
issued in the midst of negotia-  
tions between the American gov-  
ernment and the Mexican govern-  
ment over the kidnapping and  
subsequent arrest of Consul  
Jenkins. This action the com-  
mittee, who stated that for obvi-  
ous reasons his name could not  
be divulged before the formal  
opening of the investigation con-  
structed as direct defiance to the  
wishes of the United States gov-  
ernment. He forecast the recog-  
nition of the Carranza govern-  
ment would be withdrawn unless  
the two recent demands of the  
United States government were  
complied with soon.

## CLAIMS THAT MINE CHIEFS DID NOT ACT WITH GOOD FAITH

Wholesale Dealer Declares  
Court Order Has Not  
Been Carried Out.

CLEVELAND, O., Nov. 22.—  
Charges that the coal miners'  
officials compliance with the court  
order to call off the strike was  
not issued in good faith were  
made here today by George W.  
Cushing, managing director of the  
American Wholesale Coal associa-  
tion in an address before the City  
Club.

The withdrawal order submit-  
ted to the court by the miners,  
he said, was not on the official  
letter head of the union contain-  
ing the official seal and was not  
an official withdrawal but a "trick  
to deceive our federal courts."

Mr. Cushing declared that if  
the demands of the miners were  
met an increase of 125 per cent  
in the cost of coal to the consum-  
er would be the result.

The miners' union, he said,  
practiced a "studied nullification  
of every effort of the operators  
to reduce the cost of producing a  
ton of coal."

Commenting on the govern-  
ment's efforts to obtain a settle-  
ment of the controversy Mr.  
Cushing said "the stage was so  
set that the operators were left  
in no doubt as to what would be  
acceptable."

Fuel Administrator Garfield  
had placed before the miners and  
operators in Washington, Presi-  
dent Wilson's telegram requesting  
him to sit in at the conference as  
a sort of "unofficial advisor," Mr.  
Cushing said, adding:

"Thus it was allowed to be  
known that the doctor was acting  
as the personal representative of  
the president."

## REAL ESTATE DEALERS IN SESSION

CHAMPAIGN, Ill., Nov. 22.—  
Rockford was selected as the next  
real estate association at the  
closing session of the convention  
here today. The following offi-  
cers were elected: W. C. Johnson,  
Danville, re-elected president; J.  
K. Brittain, Chicago, re-elected  
secretary; treasurer, George W.  
Dover, Rockford, vice president,  
George W. Moss, Moline, vice  
president; E. Edgar, Harvey,  
re-elected directors named were:  
S. K. Hughes, Champaign,  
F. K. Rot, Chicago; W. E. Coff-  
man, Galesburg; E. H. Duff, Oak  
Park; E. S. Judd, Chicago; V. H.  
Leighner, Chicago; George H.  
Taylor, Chicago; W. C. Johnson,  
Danville, and J. K. Brittain, Chi-  
cago.

## BANDITS TAKE \$100,000 IN U. S. BONDS

CELINA, Ohio, Nov. 22.—  
More than \$100,000 in govern-  
ment bonds mostly liberty issues,  
was secured by robbers who early  
this morning cut their way with  
an acetone torch into the vault  
of the Farmers Savings bank at  
Rockford, ten miles north and  
"booted" eighteen of sixty deposit  
boxes of the vault.

## SEA-PLANE NO-4 DAMAGED

Hannibal, Mo., Nov. 22.—In  
landing here at noon today the  
naval seaplane NO-4 struck an  
obstruction in the Mississippi  
river and sustained  
damages which may require several hours  
to repair. The flying boat, with  
Lieut. Commander A. C. Reed in  
charge came from St. Louis this  
morning.

## VARIOUS QUESTIONS DISCUSSED AT FARM AND LABOR PARLEY

An Active Part Will Be  
Taken in Poli-  
tics.

CHICAGO, Nov. 22.—Govern-  
ment of finance, the railroads,  
the packing industry and active  
participation in politics were the  
principal points in a cooperative  
program for farmers and workers  
as adopted today at the final ses-  
sion of the conference of repre-  
sentatives of farm and labor  
chiefly sponsored by the farmers'  
national council. A committee  
was appointed to present the pro-  
gram to the American Federation  
of Labor and railway brother-  
hoods at their conference to be  
held in Washington, December  
15.

Resolutions declaring the con-  
ference would support "the best  
man for the office, and calling  
for a two year extension of fed-  
eral control of the railroads to  
provide time for a fair and  
American plan to ultimate solu-  
tion of the question were adopted.

The legislative program called  
for enactment of the Kenyon-An-  
derson bill for federal regulation  
of the packing industry ownership  
and Democratic operation and not  
for profit of the railroads and  
ships built by the government  
during the war, government re-  
tention and development of all  
natural resources of the country,  
legislation "compelling the finan-  
cial beneficiaries of the war as  
far as possible to pay for the cost  
of the war by high taxation on  
incomes, estates and war profits  
and by imposing a tax on the  
value of land and other natural  
resources held for speculation."  
Legislation to end the concentra-  
tion and control of the credit and  
financial resources of the country  
in the hands of a few private in-  
terests and to make the financial  
and credit systems of America the  
servants of the people thru retain-  
ing the right and power to  
regulate or direct the country's  
financial resources so that credit  
shall be available to farmers and  
all other citizens on equal terms;  
opposition to Congressional Sa-  
bath's oleomargarine bill and en-  
dorsement of full enfranchisement  
of women.

A telegram from Samuel Gom-  
pers inviting the council members  
to the Washington conference  
last month and the council ad-  
joined.

## BANK CASHIER SHORT; DISAPPEARS

CHICAGO, Nov. 22.—A dupli-  
cate examination by state  
bank examiners in the Illinois  
State bank of Crete, Ill., disclosed  
a shortage of approximately \$50,-  
000 in the accounts of Gustav  
Kracke, the missing cashier, who  
is being sought on a charge of  
embezzlement. The only trace of  
Kracke, who locked the door of  
the bank on the examiners and  
drove away in his automobile was  
the finding of a motor car, said to  
have been Kracke's near Blue Is-  
land, a suburb.

H. E. Meier, president of the  
bank, who suffered a physical  
collapse yesterday when he  
learned of Kracke's disappearance  
and the extent of the examiners'  
discoveries, declared today that  
the bank would pay its creditors  
every cent.

## PRESIDENT WILSON STILL VERY WEAK

WASHINGTON, Nov. 22.—Presi-  
dent Wilson has materially im-  
proved, but is still very weak, Dr.  
Francis X. Dercum, the Philadel-  
phia specialist found today when  
he paid his regular weekly visit to  
the white house.

Rear-Admiral Grayson the res-  
ident's physician said that it  
would be some time before his  
patient could take an automobile  
ride. Every Sunday day, how-  
ever, the president is wheeled out  
on the south lawn of the white  
house to enjoy the air.

The president attended to much  
routine executive business today.

## BANK EARNINGS SHOW INCREASE

WASHINGTON, Nov. 22.—  
Earnings of the federal farm  
loan banks during the six months  
ending November 1, were \$572,-  
033, according to figures made  
public today by the farm loan  
board. This was a gain of more  
than \$250,000 over the previous  
half year and an increase of ap-  
proximately \$650,000 over the  
corresponding six months.

Since November 1, 1918, the  
banks have refunded \$572,569 to  
the government, reducing the  
government's holding of stock to  
\$7,693,246.

## HESSIAN FLY DOES GREAT DAMAGE

Decatur, Ill., Nov. 22.—Macon  
county farmers will lose \$1,000,-  
000 on the 1920 crop of wheat  
thru Hessian fly damage. County  
Farm Adviser Sidney Smith an-  
nounced today after a personal  
investigation of the fields. Of  
the 40,000 acres the damage to  
the fields is from 5 to 100 per  
cent.

## MUST SERVE TERM

Springfield, Ill., Nov. 22.—Four  
years in the hotel penitentiary  
was fixed as actual time Joseph  
Buck convicted in Kankakee, Ill.,  
of burning to fraud, must serve,  
was announced today at the  
state pardon board. Clark was  
sentenced to from one to ten  
years.

## NETTO GIVEN LIFE

Rockford, Ill., Nov. 22.—  
"Buck" Wilson, negro, who shot  
and killed Inez Hobson, of Beloit,  
Wis., here last June was sen-  
tenced to life imprisonment by  
Judge R. K. Welsh, in circuit  
court here today.

## BIG FIGHT OVER PEACE TREATY IS AT A STANDSTILL

Await Wilson's Mes-  
sage to Next  
Congress.

## HITCHCOCK ANSWERS LODGE

WASHINGTON, Nov. 22.—The  
peace treaty controversy appar-  
ently entered tonight upon a  
week of waiting while sentiment  
crystallized for a compromise or  
for a final fight in the 1920 po-  
litical campaign. Most of the few  
senators who remained after the  
closing of the special session left  
for home during the day and there  
was no indication at the white  
house that the president had  
changed his decision to let treaty  
issues stand where they are until  
he sends his message to the De-  
cember congress.

Senator Hitchcock of Nebraska,  
the administration leader, today  
before starting home reiterated  
his belief that ratification yet  
would be accomplished. He said,  
however, that reservations were  
"inevitable."

The stand in favor of carrying  
the reservation fight into the  
campaign outlined last night by  
Republican Leader Lodge was de-  
clared by Mr. Hitchcock, to have  
been actuated more by politics  
than by patriotism.

The only word from the white  
house during the day was a state-  
ment by Secretary Tumulty say-  
ing that the president was in  
thorough accord with Senator Hit-  
chcock's management of the fight  
for ratification and was taking  
no part in the choice of a Demo-  
cratic senator to succeed the  
late Senator Martin. The state-  
ment was directed against pub-  
lished reports that Senator Under-  
wood of Alabama would have Mr.  
Wilson's backing for leadership.

In St. Louis Friday Judge Pollock entered a ruling that 2 3/4 per cent beer is legal and about the same time officials in Zion city were engaged in the wet task of emptying out 138,000 bottles of beer. So the different interpretations of the law go merrily on. It seems to depend in what locality and in what court the case is tried, the kind the ruling will be.

## A STRANGE ROAD TO POPULARITY.

"Pussyfoot Johnson," the dry advocate who was hazed by students in London, will lose the sight of one eye. One of the remark-

able things about Johnson is that he took his abuses good-naturedly and although suffering great bodily pain, told the students that he was having fun out of the hazing himself. The result was that he has come now something of a hero among this same student body, and has been asked to address them and the "one-eyed" reformer will find himself far more influential than when he looked out on the world thru two perfectly good eyes.

Farmers in one Illinois county have just agreed to pay their farm adviser \$6,000 a year for his services. Just a few years ago they would have been horrified over such a sum. Now it is different for two reasons: first because they realize more than they used to the value of the farm adviser's work and second, because they are fair enough to concede that \$1 hasn't nearly so much buying power as it did when the better farming association was formed in their county.

Attorney General Brundage has returned an opinion no doubt based on law and certainly in accord with the spirit of the times, to the effect that women may be chosen as delegates to the national Republican convention. The party organization thus far has shown its disposition to give women equal representation in the management of party affairs and it is safe to say in advance that some names of women will be in the list of presidential electors on the Republican ticket next fall, and that they will thus have the honor of formally expressing the

wish of voters in naming the next president of the U. S.

## CHAMP CLARK AND PUBLIC LIFE

Champ Clark says that he is undecided whether he will run for president, senate, the house of representatives or still another political job which may be available. Then there is the possibility of his returning to private life and spending most of his time on the lecture platform. Probably the latter course will be the most profitable of all from a money standpoint, but Mr. Clark has been so long in public life that it will be very hard for him to settle down to the ways of private citizenship. So far as the thought of the presidency is concerned, that need cause him no mental alarm. His attitude on the selective service act is a matter of recent record.

## OIL VS. COAL

The public will not join in supporting the request of the wholesale coal dealers of New York that a heavy tariff be placed on oil imports. The coal men declare that this is necessary as a protection for their industry and that otherwise cheap oil of foreign origin may result in serious losses for them and the crippling of their industry.

If there is any way of reducing fuel cost, whether it be thru coal or oil, the people will be for it. The New York request has brought the suggestion that some manufacturers may be able to provide double equipment so that oil can be used for fuel in times of stress like those thru which the country has just passed.

## FIGURES FINALLY TELL THE STORY

A Springfield bank officer and a stenographer in the same institution long listed as "trusted employees" were recently arrested, charged with irregularities in accounts which indicated misappropriation of \$25,000 or more of the bank's funds. The strange thing about such speculations is that men or women with business training and a knowledge of figures and banking systems, can ever persuade themselves that their wrong doing will not be found out.

Inevitably it is just a question of time and no system of falsifying accounts has ever gone on working continuously. The thief who operates by the juggling of figures is much more certain to be found out than the bank robber who holds up the cashier at the point of a revolver and then escapes with a big roll.

## THE ULTIMATE CONSUMER'S UNION

Dr. Frank Crane in Hearst's Magazine this month suggests that it is just about time for the common people to organize a party or union or something of that kind. Then in his clear and readable style Dr. Crane goes on to say that the vast multitude of people walk when the street car men strike, freeze when the coal miners go out and eat flapjacks when the bakers quit.

No doubt it is because plain common every-day citizens are not organized that they must sub-

mit to dictation by the minority. So some day an organization of the ultimate consumer may come as he seeks to be certain of justice from organized labor on one hand and organized capital on the other.

## THE RECORD LAND PRICE

It is not denied that land prices in Morgan county have slumped a little by comparison with the high mark of a few months ago. More properly speaking, there is inactivity in the land market and the same condition exists in most instances in other corn belt counties of Illinois. However, it is the exception that proves the rule and at Metamora in Woodford county not long since a farm of 160 acres sold at \$627.50 per acre, returning to its owner the nice little sum of \$110,000.

Those who have farms for sale can point to the Woodford county report as indicative of a higher market to come and those who are thinking of purchasing during the next few months can declare that there are unusual circumstances surrounding that sale and that it is not at all indicative of the general market.

## THIRTY THREE YEARS OLD

Nov. 22, 1886, the Jacksonville Journal Company took possession of the Journal property, succeeding the late Charles M. Eames who had been proprietor for eight years. The business was at that time established in the East State street store building owned by the Mathers estate and now used as the Majestic theatre. About two years later the present building was erected and the change made to West State street.

At that time the Daily had a circulation of 550 and the Weekly 1100. The Daily was issued as a four page paper carrying from the first Associated Press news and making every reasonable effort to carry the current local news from day to day.

This morning the Journal is issued in 18 page form and the regular number of pages is from 8 to 12, while the circulation has increased ten fold. When the present company was organized W. L. Fay became the business manager and S. W. Nichols was in charge of the news columns, and the two served jointly as editors. One reporter was employed. The passing years have brought many changes and a considerably increased force in both news and business departments.

From the first year the business prospered and the development thru the support given by the people of Jacksonville and surrounding territory has made possible gratifying growth. The Journal cannot look back and say that no mistakes have been made or that all ideas have been reached, but the management has ever sought to develop a newspaper property of a size consistent with the population of the city and county—a paper that correctly reflects the splendid spirit and strong character of the people that make up this community.

## Rippling Rhymes By Walt Mason

## High Credit.

If you've kept your credit spotless, it's may trail you in a bunch, but bad luck is rendered swifter, evil fate has lost its punch. For the helpful merchant prince will not answer you, "Nay, nay!" when you call to buy some quinces or a luscious bale of hay. You can buy all things you're needing, from a cookstove to a cheese, without argument or pleading, without falling on your knees; for the watchful prince have your record, writ in black; and each one of them evinces confidence that you'll come back. You feel chip-

per as a colt is when it eats the first June hay; you can buy a flaxseed poultice, and when ready, you can pay. If you wish to buy an anchor or a house to call your own, you can go and ask the banker for a little timely loan; and the banker will embrace you and caress you o'er and o'er, and around a block he'll chase you, asking you to borrow more. But if you are slow and heedless in the paying of your bills, you will find your children feedless when arrives the day of ills. And your wife, who proudly minces, in her new and modish gown, will approach the merchant princes, and they'll snarl and turn her down.

## REPORT MADE ON LOCAL COAL SUPPLIES

Burlington Management Seeks Facts About Fuel in Storage—E. F. Mitchell Made Survey.

E. F. Mitchell, local agent for the Burlington railroad, yesterday made an inspection of coal stocks in the city for report to the general offices of the road. This inspection was made after instruction had been received requiring early action and reply.

The information wanted had particular reference to city, county and state institutions. Mr. Mitchell accordingly personally inspected the supplies of the three state institutions, the court house and jail and at the city light plant and pumping station.

In addition he had occasion to interview local dealers and to inspect the storage bins of these dealers. The report as submitted gave the number of tons in storage at the city, county and state buildings and included the fact that the investigator had found a total of 20 tons of coal in the yards of dealers for private consumers.

## A BOLD THIEF.

Yesterday afternoon Albert Duckett, of 405 Sandusky street, drove his Scripps-Booth car down town and parked it on West Morgan street near J. K. Long's printing office, but a few doors west of the square and when he went back to the car at three o'clock, some one had visited it before him and taken from the rear of the vehicle a 32x4 non-skid tire worth \$35.00. That is certainly getting rather bold and the supposition is that any one seeing the thief or thieves at work took them to be owners of the car.

## SUN PARLOR FURNISHED

The good ladies of Hebron church undertook to furnish a sun parlor on the north side of Passavant Hospital and yesterday the goods arrived and were put in place. The whole outfit is very nice and useful; well selected and adapted to the purpose intended. The management and patients are delighted with the gift and will proceed at once to make use of it.

## A VETERAN WOODWORKER

The venerable Peter Birdsell of the north part of the county was a caller in town yesterday. He brought in eight ax handles which he had made and when seen by the writer he had sold four of them. He said he had to go clear to Chapin to get the timber for the handles and any man getting one may be sure of securing a good article.

## SPECIAL JURY PANEL FOR REDDISH TRIAL

Judge Smith Ordered Fifty Names Drawn to Supplement Regular List—Served Court Orders Saturday.

Judge E. S. Smith in the circuit court yesterday entered an order for a special panel of 50 jurors to be summoned in prospect for service at the trial of Dr. Horace Reddish Dec. 1. The order recited that because of the facts surrounding the case and the publicity given it, that it would probably be impossible to secure a jury in the regular panel and that the additional 50 jurors should be drawn in the usual way.

In the divorce proceedings of Emory Hull brought against Altia A. Hull, decree of divorce was approved and the cause stricken.

A like order was entered in the divorce suit of Lillie Schafer against Charles T. Schafer.

In the partition proceedings of John Flynn vs. Ellen Flynn et al., decree for the appointment of commissioners was approved.

Judge Smith in the suit of Oakleigh Adkins vs. Anna E. Davison et al., entered a decree in accordance with the prayer of the petition and stipulated that each party should pay its own costs. The defendants took an appeal to the appellate court which was granted with the order that such an appeal does not suspend the decree.

This is the Prentice school case in which the complainant was suspended from school by the teacher, who is supported by the directors in her action. The effect of the court order is to reinstate the pupil.

Arch Bridgman and family spent Sunday with George Allen and family.

Miss Krohe of Beardstown spent several days the first of the week with her aunt, Mrs. L. Perbix.

Mrs. L. Perbix and son Harold were visiting relatives in Beardstown Wednesday.

George Allen and wife were in Virginia Tuesday.

Plenty of hats, trimmed and untrimmed to choose from at 1/2 price at FLORETH CO.

ARE HENS PROFITEERING? Talk about the price of eggs; the groceries and commission houses were offering 65 cents a dozen for them yesterday. This is what was being paid direct to farmers so one could be profiteering but the humble hen for no storage or middle man had any hold there. One hotel cafe man said he used ninety dozen a week and it was certainly an item to him.

VISITORS TO SPRINGFIELD Among those who took in the concert by the Sistine Quartet in Springfield Friday night were: Mr. and Mrs. H. M. Capps, Father Formaz, John Davis, Margaret Ring, Margaret Heffernan, William Ehrlie, Edward Brennan and family, J. N. Kennedy family, Leonard Peters, Denham Harney, William H. McCarthy, Joseph Becker, and John Cain and daughter.

VISITED THEIR FARM. W. M. Rexroat and son visited their farm near Chambersburg last week and found every thing in fine condition. The corn crop turned out especially well this year.

### FARM PROPERTY

(A) A nice little farm one and a half miles from the square with full set of improvements and a fine young orchard. Price \$350.00.

(B) 80 acres, one mile from a good Morgan county town, mostly good farming land, with a nice five room cottage, large barn and other buildings. Well fenced and especially well located for \$200 per acre.

(C) 160 acres, an easy drive from the city, six room house, good barn, granary, garage and other needful buildings. One half in blue grass pasture for \$150.00 per acre.

(D) One of the best 80 acre farms in Morgan county, prime location, fully equipped with all needful buildings and in excellent location throughout. You will like this one for a home at \$3.0 per acre.

(E) NOW LISTEN! One of the best ever! 150 acres deep rich back prairie land, 20 minutes drive from city. Yes, all tilled, no hedge. Beautiful home site, just as attractive as can be. Fine shade, large house, fine porches, all conveniently arranged and out buildings, all you could use. Horse barn, a No. 1, cattle barn, bumper corn crib and feed shed, cow barn, hog barn, garage, shop, scales, two chicken houses and other buildings. Splendid water supply, large tank and windmill. Well it's a farm of real value and is offered for the first time at \$54,000.00. Farm is clear, but will leave a strong loan if needed.

### CITY PROPERTY

(1) In the 4th ward you can buy a modern five room cottage nearly new with large lot, garage and chicken yard for \$3,000 if you hurry. Possession on short notice.

(2) In the Third ward you can buy a modern six room cottage, an easy walk up town, large lot, on a paved street, for \$3,500.00.

(3) In the Second ward a new six room cottage with large lot and garage, paved street, for \$6,000. This is new; new furnace, pumps, new fixtures, new everything. Move in this week if you want to.

(4) HERE NOW, a new house of seven rooms, barn, house, hog house, well, cistern, large basement, splendid paved street. Convenient to school. Several acres of grass; a real suburban home. Come see me about it, we possess tomorrow.

Big Majority in Favor of Community Township High School Voted at Election Held Yesterday—Celebration Last Night.

People residing in Chapin and vicinity want a community township high school.

This fact was evidenced yesterday by the vote at the election held to decide whether or not the residents of the community wish such a school.

The vote was 417 in favor of the high school to 171 against the proposition.

The decisive victory for the forces favoring the school project leave no doubt as to what the taxpayers in the community want.

The total number of people voting, 588, is said to be the largest

## "SNAKE OIL" RELIEVES THOUSANDS

Stops Pain Or Money Back

Surely when ten million people buy Miller's Antiseptic Oil (known as Snake Oil), on a positive guarantee of satisfaction or money back, and only 12 bottles returned, you can believe that this is the "World's Greatest Remedy for Aches and Pains."

After once trying Miller's Antiseptic Oil (known as Snake Oil) you will never want to be without it because it penetrates so quickly and brings such prompt relief for such ailments as rheumatism, lumbago, sprains, aching joints, la grippe, colds, influenza, etc. Mrs. Sarah Mitchell, Higgins, Mo., writes, "I send \$2.20 for 2 bottles of Miller's Antiseptic Oil (known as Snake Oil). Please send by return mail as I am needing the oil." Mr. Henry Atwell, Center, Kentucky, writes, "I have just tried a 6c bottle and got great relief." Thousands of letters such as these have been received. Get a 30c, 60c or \$1.00 bottle today from any drug store. Money back is not satisfied, at Armstrong & Armstrong's—Adv.

vote ever polled in Chapin. There was but one voting place and this was in charge of Charles Drake and Philo Pratt acting as judges, with Walter Bobbitt clerk.

Much of the success of the community high school project, it is said, is due to the active interest taken by members of the Household Science club, the Chapin Woman's club, and other public spirited women of the community. To increase the interest in the voting, parades were held in the morning and in the afternoon. School children, Chapin's Jazz Band, and the ladies' organizations, with other citizens and many automobiles took part.

In the evening after the result of the vote was ascertained, a noisy celebration of the victory was instituted. As one happy resident of Chapin remarked last night:

"You should have been present at the celebration in honor of the victory won in the election on the community high school. Every thinkable instrument was played upon, and a bonfire was also added to the attraction. People came from every direction to enjoy this. The Chapin Jazz band played many enthusiastic selections.

"We are proud to think that we won for the first time since other towns have tried two or three times to get such a proposition thru.

"Believe me, we are proud of our community."

The demand for ladies' furs this season is greater than ever. FRANK BYRNS' Hat Store continues to show a large assortment.

## Matrimonial

McMahon-Challans.

Ollie L. McMahon and Miss Bessie L. Challans, both of Waverly, were married Saturday at 12:30 o'clock noon, at Grace M. E. church, Rev. T. H. Tull, pastor of the church, officiating. The ceremony was witnessed by only a limited number of friends of the young people.

The groom was in the service of his country for an extended period, receiving his discharge some time since. He and his bride will reside on a farm south of Waverly, and have the best wishes of a large circle of friends.

## Deppe-Hinners

William H. Deppe and Miss Mabel Hinners were united in marriage at the Centenary parsonage at 4 o'clock Saturday afternoon. The ceremony was said by Rev. Goudy, pastor of Centenary Methodist church, which united these young people in the holy bonds of wedlock.

The bride wore a gown of blue serge trimmed in coral beads and a corsage of pink roses.

The bride is the youngest daughter of Mr. and Mrs. Phillip Hinners of Meredosia and has spent her entire life in that place. Her charming personality has won for her a wide circle of friends.

The groom is the son of Mr. Henry Deppe of Meredosia, and is an honest, energetic young man of excellent habits. He is a farmer by occupation.

Both the bride and groom were born and reared on farms near Meredosia and both have a host of friends who will wish them all the joy and happiness that life eternal can bring.

After a brief visit they will reside with the bride's parents for the present.

## MARCH FAVORS STANDING ARMY OF 260,000 MEN

(Continued from Page One.)

With a peace army of five corps backed up by a system of universal military training, no foreign country could disregard our rights, General March said. The Siberian expedition was undertaken solely to keep open the Siberian railroad and protect the Czech-Slovak forces. General March said and paid tribute to Major General William S. Graves, commanding the expedition.

General March disclosed the fact that German agents succeeded as early as 1915 in securing a copy of the secret code of the war department. It was replaced at once by an intricate system of concluding his statement General March said:

"The American soldier from whatever source has the confidence and the unstinted praise of his comrades in arms of all nations. The magnificent performance of General Pershing and his command in this war will always be a source of pride to all Americans."

The report gives in considerable detail the organization of the department as built up during the war and tells of work done both before and after the signing of the armistice in all branches.

Though his latter years were not spent in Jacksonville he lived here so long that Jacksonville properly claims him as one of her illustrious citizens. It was peculiarly fitting therefore that the bronze bust secured by his brethren of the profession and presented to it and that it should be placed in the public library where it may be seen and appreciated; where the young and rising generation may become acquainted with the history of the man who did so much for the welfare of his fellow men.

Last evening there was a fine gathering of leading residents of Jacksonville at the public library where, with appropriate ceremonies, the bust mentioned was unveiled and presented to the city. Among those present were Dr. Thomas L. Gilmer of Chicago, an intimate friend, a co-laborer and successor to the doctor as dean of the dental department of Northwestern University; Dr. E. K. Blair of Waverly, also a friend of a great many years, and Dr. Arthur D. Black, son of the illustrious man honored and at present dean of the dental department of the great university with which his father was connected so long and whose successor Dr. Gilmer. It has been many times said that the sons of men so devoted to their profession do not amount to much but surely the children of Dr. G. V. Black have proved wonderful exceptions.

#### Dr. E. K. Blair Presided

Dr. E. K. Blair of Waverly was chosen chairman of the occasion and taking the place he said it was truly a pleasure to be there and take part in the exercises. Generally the histories of places like this are commonplace with few things to raise them to a high rank but truly Jacksonville is an exception. He proceeded to pay a glowing tribute to the memory of the great man whose memory was to be honored that evening and told how much the world owed him for what he had accomplished. He mentioned the devotion to study, research, and constant devotion to science manifested by Dr. Black. He paid an eloquent testimonial to the many sided character of the man honored that night. He said that dentistry and medicine had much in common and a complete and thorough dentist should know medicine too and he called on Dr. T. J. Pitner

to speak for the medical fraternity.

It is a source of regret that the Journal is unable to present the

remarks of the speakers in full. Dr. Pitner said in part:

It is with peculiar pleasure that I respond to the request to speak on this occasion. My acquaintance with Dr. Black was long and intimate and I regard it as a great privilege to speak here. It has also been my pleasant task to call on my colleagues for contributions to this bust and their response has been generous and hearty. It is grand to perpetuate in this manner the features of one so eminent in his profession and so honored among all who knew him.

It was a tireless student, ever delving into nature's secrets and thoroughly studying to know what would best serve his fellow men. His great work was done in Jacksonville yet so quietly that even his own intimate friends were hardly aware of what he was accomplishing. It was my privilege to be associated with him in securing a medical library and it is now placed in this building and I am sure it is not exceeded by any similar collection in the state outside of Chicago. He was also present at the organization of the medical club and active in the forming of the Literary Union, attending its weekly meetings 20 years. He started and led the microscopic society long ago when microscopes were seldom seen in doctors' offices. His thorough studies extended into chemistry and botany and he was truly a student at large in the realm of nature.

#### Greatness Not Realized

Even his vacations, taken for rest and change, were devoted to research of a different kind and as a frequenter of the northern lakes he needed to know something of navigation and had built on his own design a sloop boat which safely navigated the rough sea. The world is much indebted to him. Little did we at home realize what a giant he was. He was a tireless investigator and always after the hidden facts and why things were so. He delighted to attack the hardest problems and he never gave up till his subject was mastered.

His findings were subjected to the severest tests by scientific methods with logical analyses and classification and what he wrote was eagerly read by many. His rare personal traits were many. He was ever genial and engaging with unflinching poise and self control; enthusiastic, modest, with professional spirit without any commercial motives. He was communicative and stimulating, interesting in conversation, disliking notoriety and without egotism or self conceit. And so tonight we assemble to pay our tribute of esteem to this man who moved so quietly and modestly among us seeking ever to know and solve that which would most benefit his fellow men and without and thought of his own glory or gain.

about a man, his characteristics and attainments, we go to those of his own profession; to those who knew him best and were intimately associated with him in his daily work, researches and attainments. And so tonight we hear from those who best and most intimately knew the man whose memory we are gathered here to honor and we hear from first hands the character and attainments of the man. I did not have the pleasure of a personal acquaintance with Dr. Black for he had gone to Chicago before I came to Jacksonville, so you can well understand my interest in the proceedings tonight and in what is said of this eminent man, so gifted, so modest, so illustrious and widely known in the profession. Of course Jacksonville is proud of him for he does not wholly claim him for his work was largely national. His was the great gift of being able to impart to others what he had gained by his researches and so tonight the library board is glad to have the work of art here.

(The bust was unveiled by two granddaughters, Miss Dorothy and Marjorie Black, daughters of Dr. Carl E. Black.)

It is most fitting that the bust should be here in this public place where the children coming here will ask who it was, the history of his life and his accomplishments will be an incentive to them and so we are pleased to have the bust here and on behalf of the library board and citizens of Jacksonville I thank you.

Dr. Blair then most pleasantly told of an early experience of his own. He was fresh from the dental college almost fifty years ago and the state dental society was to meet in Jacksonville, in the Y.M.C.A. building as he recollected the event. He rather timidly approached the building and was accosted by two gentlemen who kindly bade him welcome and asked to take a seat in the gathering. He told them he couldn't very well stay as he wished to get back to Waverly on the next train, but they told him he was down for membership and somewhat surprised asked them who had vouched for him and they told him they had done so. These two men were Dr. Black and Dr. Gilmer and from that time to this, those two men had been of great benefit to him and warm personal friends. Dr. Gilmer had succeeded Dr. Black as dean of the dental department of the Northwestern University and he in turn had been succeeded by Dr. Black's son, Dr. Arthur D. Black. He took great pleasure in presenting

#### Dr. Thomas L. Gilmer

who said in brief: I greatly appreciate the compliment paid me in being asked to speak here tonight. It was great for Jacksonville to have for a citizen Dr. G. V. Black. Here he did most of the work which won him fame in the scientific world. He was a constant and indefatigable student. When Pasteur began his work, Dr. Black began his researches and wrote a book on the subject of poisons by micro-organisms and he was well received by the medical world. He was ever a student and investigator. University professors quoted him as far back as 1868 and 1869 and he is yet many times quoted today with satisfaction. He lived far in advance of his time. He went to the bottom of things.

At a dinner given in his honor in Chicago there was shown a pamphlet of 36 pages devoted wholly to a list of the titles of books and papers he had written. His style was simple and complete.

(Here the speaker gave a list of titles of many of the doctor's books and papers showing a wide range of subjects admirably treated.)

#### Perfected Dental Engine.

He told a story well also. He was also mechanically inclined and prepared and perfected the dental engine which practically revolutionized the practice of dentistry. He was great as a teacher and the students in the university were indebted to him for valuable instruction. He elevated his profession. He loved nature and revelled in forest, field and stream and his last days were spent among his beloved trees.

When I began the practice of my profession as a young man in Waverly I was near him and ventured to call on him not expecting to be cordially received or to have much attention, but I was most agreeably surprised by the kindly manner in which he received me and made me feel at ease and the warm friendship then begun so long ago continued through life.

He was at the top of the ladder yet he was ever ready to help others get as high as they could and all who came in contact with him loved him for his kindness and valuable help. Rarely is a man honored at home where he is best known, but Dr. Black was surely an illustrious exception. In all things he was big and forceful as a speaker and writer. On one occasion I found him deeply engaged in contemplating and investigating the water supply of Jacksonville and I am informed the plans he suggested have been largely adopted. He received many prizes for his productions and never displayed them with vanity.

In his home life his example was beautiful. He was devoted to his wife and children and set a noble example in that respect.

It is well to place his bust in this place that his example and career may be an incentive to all who see it.

This ended the formal exercises yet many remained to enjoy a time socially.

L. Clark of New Berlin was here on business yesterday. John Atkins of Prentice was a business visitor in the city yesterday.

## Funerals

### Bull.

One of the largest crowds ever assembled in Scottville, gathered at the Christian church November 17, 1919, to pay the last tribute of respect to the memory of A. M. Bull. The funeral services were in charge of Rev. V. T. Wood of Canton, Mo.

The profusion of beautiful flowers attested the esteem in which Mr. Bull was held. The flowers were cared for by the Misses Ruth Edwards, Velma Ogg Madge Dent, Keba Bull, Leila Hart and Fannie Dowling.

After the services at the church the funeral cortege moved to the Dalton cemetery near the Bull Homestead, where the remains were laid to rest. The beautiful burial ritual of the Masonic Order was carried out at the home. The bearers were: Guy Wheeler, Bruce Wheeler, Ebert Albarn, Ralph Ogg, Clyde Goff, Mervin Hart, Vernie Hart and Densel Feeley.

Abram Moses Bull was born September 3th, 1875 at Harts Prairie, Morgan County, Illinois. He departed this life 8:40 o'clock Thursday morning November 13th 1919, at Our Saviour's Hospital, Jacksonville, Ill.

He was the youngest child of Solomon and Elizabeth Bull. He leaves to mourn his departure, his wife, his aged mother, the following brothers: William L. of Scottville, Ill.; John J. and Samuel E. of Franklin, Ill.; and one sister, Mrs. C. C. Berryman of Jacksonville, Ill., and numerous other relatives and friends. His father and one sister, Mary E. preceded him in death. He grew to manhood at the old Bull homestead and received his early education in the public schools of that vicinity, afterwards pursuing a course at the Illinois College and Brown's Business College at Jacksonville. He was united in marriage to Miss Beatrice Cordelia Hicks, daughter of Vines and Nancy Hicks, January 16th, 1901. After his marriage he established his home at the old Hicks homestead where he resided until he moved to Scottville ten years ago.

Abie, as he was familiarly known, was held in the highest esteem by his neighbors and business associates and was loved by all who knew him.

He was a member of Scottville Lodge No. 426 A. F. and A. M. the Order of the Mystic Shrine, the Independent Order of Odd Fellows and the Modern Woodmen. He was chosen supervisor of Scottville Township in Feb. 1912 and has served continuously since. He was vice-president of the First State Bank of Scottville at the time of his death and has served officially since the organization.

Abie professed his faith in Christ at a meeting held at the Christian church by the Rev. V. T. Wood during the winter of 1915. He lived a conscientious Christian life and was indeed an influence for good in the community in which he lived.

He bore his great suffering patiently and was conscious of his surroundings until the last and talked freely with his wife and expressed his readiness to enter the Great Beyond.

And it can truly be said of him, "Blessed are the dead which die in the Lord from henceforth: yea saith the Spirit that they may rest from their labours; and their works do follow them."

# Ohio Falls Before Illini Attack---Harvard Crashes Yale

## ILLINOIS WINNER OF BIG TEN CHAMPIONSHIP

Bob Fletcher's Field Goal from Placement With Half Minute Left to Play Turns Defeat Into Victory.

Columbus, Ohio, Nov. 22.—With half a minute left to play and the Buckeyes leading by one point, a goal from placement tricked the bubble of Ohio State's championship hopes and tonight Illinois stands supreme in the Western Conference football world by virtue of a 9 to 7 victory over Ohio eleven. Bob Fletcher, Illini quarterback, won fame for himself by successfully negotiating the try for placement from the local team's 26-yard line.

Both elevens displayed ragged football in the first half, while Illinois play marked the final periods. Unable to gain thru the Ohio line the Illini effectively used long forward passes which eventually cost the Buckeyes the game.

Sternaman, veteran Orange half back, sent the Illini off in the lead when he circled the left side of Ohio State's line for 50 yards and a touchdown. Reichle failed to kick goal.

Before that time the visiting team was largely on the defensive, he two eleven set-sawing up and down the field for the remainder of the half.

Captain "Chic" Harley playing his final game for the Scarlet and Gray was the big cog in the play of the home team. Opening the second half with a burst of speed, open play carried the pigskin well down into Illinois territory.

A pass from Harley to McDonald placed the ball on the Orange 15-yard line. Harley then went round Illinois left end for the touchdown and kicked goal.

On straight football the Ohioans excelled while Zuppke's eleven added the big edge in the matter of open play. Rarely did the Ohioans resort to passes.

Fortune favored the home eleven at the kickoff when Illinois tumbled and Ohio State recovered on the Illini 29-yard line. Harley's try for goal from the 34-yard line was short. After 12 minutes of play aided by splendid interference, Sternaman broke thru both the Ohio defense and raced 50 yards for a touchdown.

The 600 Illinois rooters went wild. Ohio State defense stiffened perceptibly in the second period in which honors were about even.

In the third quarter the Ohio backs tore the Illinois line to tatters penetrating between tackles for most of their gains. Sternaman halted the Buckeyes advance by intercepting Harley's forward pass on the Orange and Blue 15-yard line. Unable to gain after several tries the Illini again resorted to Carney's toe and the visiting left end punted to Harley on the Illinois 38 yard line.

On the fourth down and nine yards to go Harley's pass to McDonald netted 26 yards and put the ball on Illinois' 1 yard line. On the first play the Ohio leader went over for the touchdown and then kicked goal.

Stirred to desperation the Zuppke bag of tricks was opened wide and soon had the Ohioans baffled.

With the ball put in play on Illinois' own 20-yard line brilliantly executed forward passes by Carney and Reichle and Walquist placed the ball on Ohio State's 21-yard line. Dropping back to the 24 yard line B. Fletcher kicked goal.

Ohio State: Touchdown, Harley; goal from placement, B. Fletcher.

Substitutions—Illinois: R. Fletcher for Sternaman; Mohr for Livendahl; Kopp for Crangle; Olander for Petty; Kock for Ingerson; Ems for Applegram; Middleton for Ems.

## WISCONSIN TRIMS

### CHICAGO 10 TO 3

Brilliant Sixty Yard Run Thru Maroon Team By Badger Quarterback Turns Trick—26,000 Witness Battle.

Chicago, Nov. 22.—A brilliant sixty yard dash by Allen Davey, who entered the game as a substitute quarterback in the last three minutes of play gave Wisconsin a 10 to 3 victory over Chicago before a crowd of 26,000 persons who turned out to witness the final game of the Western Conference race today. Davey squirmed thru the entire Chicago team for the touchdown.

Both teams had scored 26 goals from the twenty five yards during the first half, and until the closing minutes of the game, the struggle gave every indication of ending in a 3 to 3 tie. Then Davey caught a Chicago punt on Wisconsin's 40 yard line, and shaking off at least seven tacklers, sped across Chicago's goal.

In the first period, a forty yard pass from Barr to Meyers brought the ball within ten yards of Chicago's goal. The Badgers smashed into within six inches of the line only to lose the ball on downs. Chicago got within a yard of the Wisconsin goal only to lose the ball after four drives at the line failed.

Chicago was without the services of "Red" Graham, star quarterback and kicker who was knocked out in the fifth play of the game and forced to retire in favor of Tatge.

## INDIANA TURNS DOPE BUCKET OVER

Bloomington, Ind., Nov. 22.—Indiana University tipped the eastern football dope bucket today by defeating Syracuse 12 to 6. The Hoosiers matched their husky opponents in nearly every department of the game.

The efforts of Ackley, Fallen and Schwartz featured the work of the eastern team. White, Williams and Faust carried the principal honors for Indiana. Donovan scored Indiana's only touchdown while Risley earned six more markers with field goals. The only score made by Syracuse came in the last period when Malone carried the ball for a touchdown.

## PITTSBURGH DEFEATS CARNEGIE

Pittsburgh, Pa., Nov. 22.—The University of Pittsburgh football team defeated Carnegie Tech today 17 to 7. Phil Marshall, captain of Tech intercepted Laughlin's try for a field goal in the second period on Tech's eight yard line and ran the length of the field for a touchdown.

By FRED H. YOUNG.

With the football season in the Little Nineteen Conference practically completed, the time has arrived for the selection of All-conference football elevens and the task this year is not unlike other years in this association in that there is an abundance of backfield talent, and a scarcity of good linemen.

This is of course due in the Illinois Intercollegiate A. A., largely to the fact that there are so few men available for the teams in schools of this size, and that the average coach of course thinks first of his backfield, with the result that the forward wall, one of the real essentials of a good football team is often slighted.

However, this should not be construed to mean that the writer thinks there are no good forwards, for such is not the case. There have been some real jewels produced this year in the forward walls, but still there are not the number of high class men available for the all-star caste that there are in the backfield.

**Bunch of Good Ends.**  
The season of 1919 had produced number of high class ends in the Little Nineteen. Both Captain Derges and Rogers of Bradley have played splendid ball and the same goes for Randolph Young and McCown of Millikin. Young is the better all-around man of the two and gets the job over McCown, who is a strong defensive player and would make a better tackle. McCown is a smart football man, follows the ball closely and is fast and is too good a man to be left off of the team. Derges and Rogers are very evenly matched and only in experience has the Tech captain anything on his teammates.

**Zook of Wesleyan** is another good end, who has learned mighty fast in his first year of college football. He is fast, follows the ball well and should be a wonder in another season.

**Ward and Strickler Best Tackles.**  
Captain Strickler of Illinois College and Ward of Millikin are easily the best tackles in the Little Nineteen. Strickler is the lone outstanding star on Coach Harmon's team, while Ward works all season has been mighty consistent.

**Zeigler of Eureka** is a good forward and showed the result of his four years of prep school football at East Aurora High School. Bragdon of Lombard is another good forward relegated to the second team, but at the present there is no place for him on the first team.

**Pike of Wesleyan** has played brilliantly at times and should be a much more valuable man in another season. Gottra of Millikin is another big plow horse.

**Nelson Consistent Player.**  
Elmer "Swede" Nelson, the only Wesleyan man allotted a

place on the first eleven has played mighty consistent football for Fred Muhl for three seasons and is well deserving of the honor. He is not a showy player, but is a guard who is in every play and gives his team his best at all times.

Herdrick of Bradley is the next best guard with Meinien, his teammate next in order.

**Johnson Outstanding Star.**  
There could be only one choice for quarterback in this Conference so long as Lee Johnson is performing. A brilliant open field runner, a smart general, he has played wonderful football all year in spite of being handicapped by injuries. Johnson would make a lot of Big Ten teams.

**The MacWherter boys** and Ralph McKenzie, the veteran Eureka back, get the other three places on the first team backfield. McKenzie is the best all-around football player in the Little Nineteen and no team would be complete without him. He is a whale on defense, can plunge the line, run the best ends in the conference and above all is a great kicker.

**The MacWherter brothers** are both strong all-around football men and have contributed no small part to Millikin's numerous victories, and are given places on the first team over Locke of Illinois, Clarne of Bradley and Hamilton of Millikin. Clarne is a classy performer and has been Bradley's most consistent ground-gainer.

**Raft of Good Backs.**  
Lack of places makes it impossible to find places for a number of other strong backfield men. Strange and Martin of Wesleyan are splendid backs for their weight; Turner and McCabe of Charleston Normal are good men. Hartman of Hedding has played well while Westoff and Fiedler of State Normal have given a good account of themselves in several games played by the Teachers.

**Crum of Shurtleff** is given the quarterback position on the second team over Anderson of Augustana, because he has played more consistently. The later has been out of the game for some time because of injuries.

**Adkins, the great Millikin guard** and Gepford would have been given consideration had they finished the season.

**Cook of Bradley** is an adept with the forward pass and also kicks well and Smith and Murphy of Lombard are two backs worthy of honorable mention.

## MILLIKIN LITTLE NINETEEN CHAMPIONS

Defeated Illinois College For Titular Honors Saturday—Final Score Was 10 to 0—Illinois Played Better Football But Lacked "Punch."

Millikin University won the Little Nineteen football championship by defeating Illinois College at Decatur Saturday by a score of 10 to 0. The score does not indicate the fierceness of the battle and it was conceded that Illinois outplayed the winners thruout the game.

Contrary to expectations Illinois College showed more speed than Millikin and was able to gain ground with more consistency than Millikin.

Millikin's principal gains were made on forward passes. One of these was a long pass and placed the ball within striking distance of the goal and started what proved to be the only touchdown of the game.

The game started with Millikin kicking off to Illinois. The Illinois team started a steady attack on the line. This interspersed with occasional end runs took the ball to Millikin's ten-yard line. There was silence in the Millikin stands while this march was being made. Millikin's defense stiffened and Illinois tried a forward pass on the fourth down and the ball went over. Millikin immediately kicked out of danger.

All of the scoring came in the second period. The first Millikin score was made when Johnson dropped kicked a goal after getting the ball in Illinois danger zone, the ball in Illinois' danger zone, by Johnson, on an end run.

A long pass led up to this touchdown. After Millikin tried the line a couple of times with but little gain, Johnson on a double pass back of the line caught Illinois napping and circled the end for a touchdown. John McWherter kicked goal.

During the remainder of the half, Illinois had Millikin constantly on the defensive and time and again pierced the Millikin line for downs.

At the beginning of the third period Barnes got away for an end run which carried the ball to Millikin's ten-yard line. The gain was not allowed by Referee Graves, Illinois being accused of tripping. Had Barnes' gain been allowed, Illinois undoubtedly would have scored a touchdown and probably would have gone on and won the game as they were outplaying Millikin and making consistent gains.

Some of the Illinois supporters were of the opinion that the officials gave Illinois the worst of it on several decisions. However, Harmon and the student body may well feel proud of the team as there probably is not another coach in the conference who could take the material Harmon had at hand and develop a team of the caliber of the one that stepped on Millikin field yesterday.

It would be difficult to pick any stars for Illinois. According to those who saw the game, all of the men played hard clean football and gave Millikin the worst scare she has had this season. The men were in excellent condition and man for man they more than held their own with their opponents.

For Millikin, Johnson of course was the outstanding star and scored all of Millikin's points except the goal kicked by John McWherter. The teams lined up practically the same as given in the Journal Saturday morning.

H. E. Hodges was down to the city from Prentice yesterday.

**NOTRE DAME INDIANA CHAMPS**  
Lafayette, Ind., Nov. 22.—Notre Dame tonight is undisputed football champion of Indiana thru its defeat of Purdue today by a score of 33 to 13. Purdue made the first score and held Notre Dame scoreless in the first period but in the second period the latter team started an aerial attack in which Gipp and Kirk were the principal performers, and piled up score after score with ease.

Harvard's backfield, as represented by Casey and Ralph Horween, furnished the punches which registered Crimson victory. The Crimson line supplied a defense which, under menace of a blue touchdown in the third period held fast six inches from its goal and robbed Yale of a tie and of the ball. It was virtually the only sustained show of strength by Yale in the game. Starting from a 20 yard run back of a punt by Kempton the blue forced the ball almost from mid-

field for 45-yards to the br of the Crimson goal with the of "barnyard" football, and Neville breaking thru line. Three first downs scored.

Within the five yard zone made four rushes. A yard gained on each of the first and then the Crimson for braced. They held fast of the goal and Yale thrust back with six inches for a touchdown. Except Braden's overhead attack, did not menace again. At other stages of the Harvard's line held Yale downs.

## YALE FALLS BEFORE HARVARD ATTACK

Crimson Eleven Too Much for New Haven Team—Final Score 10 to 3—Battle Hard Fought and Full of Thrills.

Cambridge, Mass., Nov. 22.—Harvard today defeated Yale in their annual football classic playing before fifty thousand spectators in the stadium, which was crowded as never before the Crimson eleven triumphed, 10 to 3. The game, marked by several striking plays was the climax of the first football season at Harvard under the new coaching of Robert T. Fisher. It was the first time in 20 years that a Yale team had gone down to defeat in its two big games with Princeton and Harvard.

In a season of advanced development of the forward pass and the field goal as weapons of football attack, today's game stands out with notable instances of each. The spectators will long remember the field goal kicked by Braden for Yale's only score in the last period.

Scarcely less notable was Casey's touchdown for Harvard, gained in the second period thru the surprise accomplishment of a forward pass. The Harvard star catching a pass thrown 16-yards by Quarterback Felton, ran from Yale's 23-yard line to the goal, eluding the Yale pursuers Kempton and Reynhart. The Crimson's touchdown was completed by a goal kicked by Ralph Horween. The latter in the first period had sent Harvard ahead with a field goal booted from the 40-yard line.

Harvard's backfield, as represented by Casey and Ralph Horween, furnished the punches which registered Crimson victory. The Crimson line supplied a defense which, under menace of a blue touchdown in the third period held fast six inches from its goal and robbed Yale of a tie and of the ball. It was virtually the only sustained show of strength by Yale in the game. Starting from a 20 yard run back of a punt by Kempton the blue forced the ball almost from mid-

field for 45-yards to the br of the Crimson goal with the of "barnyard" football, and Neville breaking thru line. Three first downs scored.

Within the five yard zone made four rushes. A yard gained on each of the first and then the Crimson for braced. They held fast of the goal and Yale thrust back with six inches for a touchdown. Except Braden's overhead attack, did not menace again. At other stages of the Harvard's line held Yale downs.

## FIGURING IT OUT

If a gallon of oil costs 25 cents, how much will five gallons cost? 5 x \$0.25 equals \$1.25. Easy arithmetic! BUT—

If so many gallons at so much per gallon costs so much Plus a repair bill because of using wrong oil that makes different figuring. The engine of your car is a piece of delicate mechanism that demands a lubricant of certain virtue. Your Instruction Book instructs you to use the best ANY OLD OIL WON'T DO.

The oil you need is oil of the highest quality, made by specialists in scientific lubrication for your particular car. That oil is—

**MONOGRAM**—Recommended and used exclusively by more automobile manufacturers than any other oil on the market. The automobile engineer who has figured this out, knows every moving part, gear and bearing in your engine—the strength and expected service of these parts. He knows MONOGRAM and as a mechanical expert prescribes this oil to the exclusion of every other lubricant. He has figured it out and concludes that: "He is a wise man who uses MONOGRAM."

## MAVERICKS

Train robber Bill Carlisle seems to be a humorist.

A lot of people would not shed tears if the senate never reconvened.

The W. C. T. U. convention held in St. Louis last week decided that it would be necessary to get after the women who made dandelion, elderberry and similar wines for home use. If they get all of them it will be some gathering if they can all be assembled in one spot.

It would seem that judges decisions in wet and dry cases depends largely on the sentiment of the community in which they are located.

Dispatches tell us that President Wilson will tell the nation that Bolshevism and Germany win by defeat of League of Nations pact. We are more inclined to believe that Bolshevism and Germany got more aid from the administration's treatment of alien enemies and conscientious objectors during the war and afterward than they will get from a defeat of the peace treaty.

Despite all the talk that is going on down in Washington and the countless commissions that are investigating this and that thing, the cost of living keeps on climbing.

H. E. Read of Brown's Business College fame, talked before the Rotary club in Bloomington the other day. His subject being, should a man inherit half a million dollars. Offhand we

would say yes, if we were the one to inherit it.

John Winebeer enlisted in the United States army down at El Paso Texas the other day. John Fulmer also residing over in Quincy. It will now be in order for the dry forces to take steps toward having these men change their names for fear that some citizen seeing them may get the old time craving for strong drink.

An exchange asks if we remember the good old days when a man could go to a shooting match and win a turkey for ten cents. Yes, we remember that, and also when you could get a gallon of whiskey for three dollars.

### Must Be Back

Mrs. J. Putnam attended the funeral of a relative of hersman last week and has not returned yet—Saturday—but she came—ElDara correspondence in Barry Adage.

According to the Bloomington Bulletin a street car hit a Ford in that city the other day. Rather a dirty trick to play on a Ford it seems to us.

We learn that the Democratic administration put the United States in the forefront of nations in shipping vessels. We would add that is where she should be according to the money that has been spent in ship building the past three years.

The United States will move with caution in Mexican crisis. It will be a relief to learn this as it has not been moving at all in Mexican affairs for some time.

In the meantime it will be in order to kidnap another American official. G. W. D.

## ILLINOIS COLLEGE NOTES

Franklin Scott, '22 and Arnold Hegstrom, '22 expect to go to Bloomington Sunday as delegates from the Illinois College Oratorical Association. The state contest will be held Tuesday evening. Unfortunately Illinois College will not be represented in the contest this year.

The Gridiron Hop will occur in the Gymnasium Tuesday evening, November 25th.

Curtis C. Carter, ex '94, from Chapin, was a visitor on the campus Monday. Mr. Carter was especially interested in visiting the scenes of some of his activities while he was a student in the College in the days of President Tanner.

Professor G. H. Scott attended the annual State High School Conference held at the University of Illinois Thursday, Friday and Saturday of this week. He also attended the Illinois section of the American Mathematical Association held at Urbana Thursday.

The Springfield Alumni Association is making preparation for an early meeting. Roy Z. McKown, '05, is serving as acting president of the Association in the absence of Ray Bracewell.

Edgar Decker, one of the overseas boys, came to Jacksonville from St. Louis Friday in order to go with the crowd to the Millikin game.

President Rammelkamp was in Chicago early in the week attending a conference of the presidents of the Presbyterian Colleges of the United States. The conference was held to consider problems relating to the endowment campaigns which are at present underway.

### THE SUNDAY SCHOOL RALLY

This Is the Day for Everybody to Go—Mayor E. E. Crabtree Will Speak at the Congregational School.

Attention is again called to the Sunday school rally today. No better deed can be done than attending the school and getting the habit. The wisest man living always learns something from the Holy Book to make him a happier and better man. Without churches and Sunday schools our city would not be worth living in at all. All go and encourage the faithful ones who are working to maintain the school and build it up.

### QUICK JUSTICE

The venerable James O. Hamilton was telling a Journal reporter yesterday of a sample of quick justice in early days. Mr. Hamilton was one of the California Argonauts and says out there a man he knew well had a small bank and one evening as he was putting the gold into a sack preparatory to placing it in the safe, a man who was chopping wood for him laid his hand on the bag and demanded it. The banker said he could hardly afford that whereupon the fellow drew back his ax and killed his employer. He thought to escape but was soon caught, made a clean confession and by sunrise next morning his lifeless body was hanging from the limb of a tree.

## MISS REDDING SHOWS ARTISTIC ABILITY

The following from a Brinkley, Ark., paper relates to Miss Bernice Redding, daughter of Mr. and Mrs. C. O. Redding, 624 South Diamond street:

One of the prettiest pieces of art work I've seen in many a day was a beautiful white feather hat done by Miss Bernice Redding, the designer and milliner at S. Salingsh Co.'s. The hat was made from the breast of a pelican killed here.

Mrs. J. H. Stack bought the bird, and had Miss Redding make the hat for her, adding only a pretty aigrette to make it indeed a white beauty. Miss Redding's skill, art and originality is admirably shown in this pretty bird hat.

## CONTRASTED PICTURES

H. A. Habermeyer of the Illinois state water survey was in Jacksonville recently for a few hours and called on Joshua Vasconcellos, formerly commissioner of the water department. It was while Mr. Vasconcellos was serving that Mr. Habermeyer directed the survey here to decide on the best source of water supply for the city. The visitor gave Mr. Vasconcellos two kodak pictures, one taken just before construction started on the new reservoir, and showing quite clearly the "lay of the land" in that locality. This picture makes an interesting contrast to one taken now at the reservoir site.

## RETURN FROM REAL ESTATE MEN'S MEET

E. B. Wiswell returned Saturday night from Champaign where he had been to attend the Illinois Real Estate Dealers association convention. The sessions continued thru Friday and Saturday with an attendance of about 250 real estate men, representing all parts of the state. Some matters pertaining to legislation were discussed and plans outlined for standardizing sale methods and practices.

The real estate business has taken on new importance in recent years and one thing the convention considered was the matter of licenses, the delegates being practically of one mind that the license system would result in the raising of standards and the elimination of any improper business practices.

Norman Dewese was another Jacksonville real estate man who attended the convention and found the sessions very profitable.

## BOLD ROBBERY OF RUSSEL APARTMENT

Sneak Thief Enters Building and Secures Jewelry and Money Early in Evening Without Being Apprehended.

The apartment of Mr. and Mrs. Stuart Russel of Springfield was robbed by a sneak thief about 7:15 o'clock Friday evening. Mr. Russel, who is a son of State Auditor Andrew Russel and well known in Jacksonville, is employed at the State House and resides at the corner of Cook and Eighth Streets, occupying the first floor apartment.

Friday evening Mr. and Mrs. Russel planned to attend a concert, and while Mrs. Russel was seated in the living room reading, and Mr. Russel was in an adjoining room, the thief entered the apartment thru a window leading into the room where the baby lay sleeping. The intruder stole among other things, a fine dress belonging to Mrs. Russel, the concert tickets, some jewelry, and a sum of money, and then made good his escape without attracting attention.

## WINE SPILLED AS CARS CRASH THRU R. R. BRIDGE

Ten Freight Cars on Wabash Line Go Thru Bridge Near Salem—Property Damage Enormous.

A most disastrous freight wreck, as far as property damage is concerned, occurred on the Wabash railroad near New Salem at a late hour Thursday evening. Freight business on all roads has been on the increase lately, and on the night of the smash freight train No. 90 was running in two sections on account of the great number of heavy laden cars. The second section of this train was crossing a bridge near the New Salem station when one of the cars, said to have contained a shipment of California wine jumped the track and destroyed a portion of the bridge, allowing ten freight cars to crash thru the structure to the waters below. Fortunately none of the train crew were injured.

Friday all Wabash freight and passenger trains were detained to Camp Point and around thru Quincy via the Burlington, reaching the Wabash main line again at Bluffs. Repairs were completed on the bridge yesterday however, and congested freight and passenger service is again assuming a normal.

**Trinity Church Christmas Bazaar, Apron and Delicatessen sale, Dec. 10, Guild Hall.**

Mrs. George Tremblett has returned from a few days visit with friends in Springfield.

Miss Zelma Hackman and Vernon Hierman went to Hull yesterday morning for a visit, and L. C. Hackman will go to Pike county today.

## BOX SOCIAL AT BIG SWAN SCHOOL

Entertainment at School Nets Good Sum for New Books—Other Winchester News.

Winchester, Nov. 22. — Big Swan School, Miss Ida Wagner, teacher, held a highly successful box social and entertainment at the school building Friday evening. The affair which was largely attended netted the institution over \$100, one cake bringing \$40. The entertainment was very much enjoyed by all present. Big Swan School is in District 45, situated west of Winchester. The proceeds from the event will be used in buying books for the library and for other school benefits.

**News Notes.**  
Miss Ida Law arrived Saturday noon from Carrollton on a short business trip, returning on the afternoon train.

Miss Frances Wallace returned home Friday night from a three weeks' visit with relatives at Granite City, Alton and St. Louis. Sylvian Hameline of New York City is visiting his uncles, David and Albert Hainsfurther and families.

Give Footwear: it is sure to be appreciated on Christmas morning.

## A REMINISCENCE

The writer came to Jacksonville 55 years ago when Dr. G. V. Black had his office on the south side of the square and came to know him well and intimately. At one time the doctor was chosen master of Harmony Lodge, A. F. & A. Masons and the writer had the pleasure of assisting him in his duties.

One day the doctor came to the writer and asked advice about his boy, Carl. He said he was greatly troubled about the lad. Not that the boy had the slightest propensity to do wrong, but he seemed so at sea regarding the choice of a life work. Then as now the writer took great interest in all the children of the town and endeavored to comfort the doctor, assuring him that the boy would come out all right as he had good ancestry and raising, but he will admit that few supposed that the doctor's oldest son would rise to quite the eminence he has so justly earned in his profession and that right at home too.

## AN INTERESTED VISITOR

An interested visitor at the library last evening was Dr. J. P. Willard, now of Denver, Colorado. For many years the gentleman lived in Jacksonville and was a neighbor and intimate friend of Dr. V. G. Black and the family much desired to have him say something last evening but were unable to get in touch with him. Dr. Willard has been with his daughter, Miss Winnifred, who has been speaking in many cities in the interest of the Methodist centenary movement.

There will be a husking bee and pie social at West Liberty school, near Markham, Tuesday evening, November 25. Ladies please bring pies. Everybody invited.

## DUROCS MAKE A WORLD RECORD SALE

Stanton, Neb., Man Sold 57 Head for \$57,200—One from Sensation Herd is Owned in Morgan County.

From the "Sensation" herd of Durocs owned by Ed. M. Kern of Stanton, Nebraska, 57 head were sold at auction on Nov. 12th and brought the record sum of \$57,200.00. 10 sows bred to the world's champion, Great Orion Sensation, averaged \$1,257.50. 10 boar pigs averaged \$1,852.00. 23 open gilts sold without breeding privilege at an average of \$661. All were sons and daughters of Great Orion Sensation except seven of the bred sows and six that were by Great Orion Sensation. The six open sows and one boar that were full sisters and brother to Great Orion Sensation averaged \$2,203.

The highest price paid for an open sow was \$3,000. The first prize boar pig at the National Swine Show, by Great Orion Sensation sold for \$8,300.

L. A. Reed is personally acquainted with Mr. Kern and had the privilege of visiting him last June and seeing his great herd of Durocs.

Mr. Kern is a man about 36 years of age and a few years ago started as a renter while today he owns a section of Nebraska land, the Elkhorn Valley, worth \$300 an acre, and which has all modern conveniences for raising hogs. The credit for all this must be given to the Durocs. Mr. Reed is proud of the fact that he has one of his herd boars an outstanding son of Great Sensation.

Bluffs, Nov. 22.—Union Thanksgiving services will be held at the M. P. church Sunday evening, Nov. 30th. Special music is being arranged for the occasion.

John Horsey and bride of Springfield are guests of his parents, Mr. and Mrs. Carl Horsey. Rev. E. D. Palmer attended a sub-district ministerial meeting in Versailles Friday.

Mrs. Anson Castle left Saturday for Quincy to spend the winter with her son, Clifford.

Misses Faye Rees, Norma Perlin, Helen Dinmore and LaBelle Vannier, teachers of the school attended the state conference of high school teachers in Champaign Thursday.

Mr. and Mrs. P. C. Burns and Mr. and Mrs. George Graham have moved into the apartment house recently vacated by Mrs. Harry Nelson.

Mr. and Mrs. William Bourn and son, Samuel and daughter, Miss Beatrice were called here Wednesday by the death of their cousin, George Rockwood.

Rev. P. J. Kinchard and wife of Jacksonville spent Thursday with friends in town.

Mrs. May Beagle is having her dwelling in the east part raised and remodelled which adds greatly to the appearance of the place.

Miss Helen Rockwood, who was called here Sunday by the death of her brother, returned to her home in Springfield Thursday evening, accompanied by Mrs. Addie Burum.

Mr. and Mrs. Halpin Denton have moved into the John Konrad property in the south part.

Mr. and Mrs. Thomas Reid were business visitors in Springfield Thursday.

## HERE'S CORN HUSKING STORY

I. W. Cully of this city has a husking peg that he used for husking corn forty years ago. It is the M. C. Pierce corn husker patented October 8, 1878. It is composed of a steel peg with a brass handle and would be considered up to date today.

Mr. Cully about the year of 1880 was farming northeast of the city. One day a young man of the name of Hyland who had been employed by a neighbor, Benjamin Dyke, applied for a job of husking. He was employed and according to Mr. Cully was some husker. Mr. Cully and Hyland each husked and cribbed thirty bushels between 12 o'clock noon and 2 o'clock. This was 15 bushels per hour which would make 150 bushels per day for a ten hour day, and would be considered a good day's work at the present time.

Hyland while returning to his home in New Jersey met with a railroad accident resulting in the loss of an arm.

John Black, a section foreman from Texas, was employed by Mr. Cully and husked and cribbed 105 bushels per day for five weeks.

**CONGREGATIONAL SUNDAY SCHOOL**  
The Sunday school at the Congregational church will assemble this morning at 9:30 o'clock, the usual hour. Thru error a previous notice indicated that the school session would be at 10 o'clock.

## CLUB WOMEN GUESTS AT STATE HOSPITAL

More Than Two Hundred Jacksonville Ladies Attend Program at Institution Saturday Afternoon—Special Entertainment for Patients at Night.

A program of more than usual interest was carried out at the Jacksonville State Hospital yesterday afternoon with over two hundred of the club women of Jacksonville present. The ladies, who were present as invited guests of Dr. and Mrs. E. L. Hill, were asked to come to the institution for the purpose of becoming better acquainted with the work at the State Hospital and with what occupational therapy is accomplishing for some of the dull and most violent of the wards of the state. The program as planned showed in a wonderful way what is being done for the patients by the department of public welfare in industrial occupation. It was also shown by one of the speakers of the afternoon how the social service workers aid in promoting the welfare of the patient and what their work is. While the program was open to the public special invitations had been issued to members of the Tuesday club, the Chaminade club and the Jacksonville Woman's club.

**Tour of Institution.**  
Promptly at 1:30 o'clock the guests left the main building for a tour of the institution. They visited all of the special departments. They were taken thru some of the worst wards in both the main and the annex buildings. In the parole wards they also had opportunity to see what the occupational work has accomplished. The entire trip thru the buildings and in the various wards proved intensely interesting to all and brought a realization of how Illinois thru its agents is caring for wards of the state who are unable to care for themselves.

**Musical Program.**  
Later an excellent musical program was given by patients at Amusement Hall. Selections by an orchestra of four pieces, with Miss Carrie Hoppe, occupational therapy director, at the piano, proved most pleasing. There were also several selections, given by patients with guitar and violin.

The special addresses of the afternoon followed the musical program. It is regretted that space forbids the printing of each of these discourses as much of information was contained in them.

The following is the program of the afternoon's events:

**Program.**  
Visitation of the Departments—1:30 to 3:30 p. m.  
Habit Training Class—C-1-East.

Occupational Center—Upstairs and Down.

Field Exercises—1:30 to 3:30 p. m.  
Musical Program by Patients—Amusement Hall, 2:30 to 3:30 p. m.

Address of Welcome—Dr. E. L. Hill, managing officer.  
Relationship of Social Service Work to Occupational Therapy—Miss Hinrichsen.

Occupational Therapy—Dr. H. D. Singer, State Alienist.  
Vocal Solo—Mrs. E. L. Hill.

Pianist—Miss Rebecca Schiebel.  
Observation of Occupational Therapy—Hon. A. L. Bowen, superintendent of charities.

Welfare Department's Attitude Toward Occupational Therapy—C. H. Thorne, Dir. D. of P. W.

Prospects of Occupational Department—Herman M. Adler.  
Social Hour—5 to 6 p. m.

**Special Entertainments.**  
In the evening there were several Jacksonville people present to enjoy the special entertainments for the patients. There was a house party at the main building and another at the annex hall. They were about 200 patients at each place to enjoy the festivities. The games played included Musical Chairs, Paper race, Grass-hopper race, Wheelbarrow race, and necktie relay race. Following the games and contests, refreshments were served at 8:30 o'clock and the entertainment was brought to a close at nine.

## MRS. FRED REEVE GAVE ANNOUNCEMENT PARTY

Lee Griswold Will Wed Miss Eloise Strang of Jacksonville—Ceremony Will be Said on Thanksgiving Day.

White Hall, Nov. 21.—An announcement party of two dozen lady friends was held at the home of Mrs. Fred Reeve Thursday afternoon, just west of town. A network of twine was strung about the house, and each guest followed one string to its terminus, where was found neatly folded in a bow an announcement of the marriage of Miss Eloise Strang and Mr. Lee Griswold, which is to take place on Thanksgiving day. Refreshments then followed. The company was composed of Mesdames Roy Campbell, Bert Campbell, T. M. Bates, Manford Baldwin, Clifford Seely, A. C. Griswold, L. G. Griswold, Clark Baldwin, T. E. A. Giller, P. J. Roodhouse, Frances Piper, Martha Masters, Earl Kistler, Guy Bridgewater, L. L. Seely, Misses Ruby Seely, Marion Winn, Eloise Strang, Martha Strang, Minnie North, Nell Gilmore, Lucile Griswold, Mr. and Mrs. F. C. Griswold, Mr. Loyal S. Griswold. The bride-to-be is a daughter of the late F. E. Strang and grand daughter of the late Capt. J. E. Wright of Jacksonville. The prospective groom is a son of Mrs. A. C. Griswold. They will reside on the Griswold acres on Apple Creek Prairie, the mother having recently purchased the Dr. A. C. Rich residence property in town in order to turn the farm over to her son.

A son, their fourth child, has arrived at the home of Mr. and Mrs. Frank King.

## LITERBERRY

We have been reminded many times lately that our annual report of the Big Four Fishing Club was due.

We might have reported once a week all summer and given the fish readers of the country some good points, but there is a small class of people who turn up their noses at a fish tale, both oral or written. Therefore our club very seldom mentions fishing to the ordinary crowd. There is a time for all things and our members are always careful not to express themselves before others. Of course there are exceptions to this rule as to all others. We have a few traveling gentlemen from Jacksonville who dearly love to talk fishing and can tell a few good fish stories. On occasions like this we, that is some member of the club, entertain them, not because we receive anything worth while but to be neighborly.

With just a word of advice to readers or listeners of fish stories: if you will put a few table spoons of salt in your vest pocket and when the story gets real fishy and your tongue feels slick and you have a fish taste in your mouth, take a good pinch of salt. This will give you an appetite for more story and keep your mouth shut, a very essential thing to do on such occasions.

We opened the season about the 9th of April and kept the thing going at a good pace to the 18th of November. To give all the happenings of the many different trips we made between these dates would be so voluminous that we could not think of it for a moment.

We will try to give you an idea of some of the most interesting events, big catches, etc. It is a well known fact that we have been champion and have worn the club belt since the club was organized, some of the time on merit, other times on technicalities. But we were compelled to slip the belt early in the season in favor of Deak Daniels. The most remarkable catch was done by four Literberry people about the first of June. Three of these fishermen have no membership (not their fault). These three fishermen coaxed one of our members, Mr. J. A. Liter, to go with them to Fish Lake ditch. They certainly had a good time and brought back two hundred and fifty pounds of fish. Unofficially Mr. Liter was brought on the carpet, soundly reprimanded and deprived of one outing. We very often send a member with a crowd of amateurs, as instructor, but he must have his certificate signed by our secretary.

This crowd consisted of L. A. Cooper, Javor Berry, Fonzo Ruff, and J. A. Liter, all good fishermen, but not eligible to the club. Mr. Cooper hooked a carp which weighed eight pounds.

We in company with J. S. Hitchens, Deak Daniels and Orville Crum went to the same ditch a few weeks later and did a good day's work, catching one hundred twenty-six pounds. These fish were shown in front of the post office and weighed in public. This trip is when Deak Daniels won the belt on a seven and a half pound carp. (Salt.)

Many amusing incidents happened with us but not a single accident. We could tell of many funny things but we see that we are going to take up too much space, so we will bring our report to a close.

Our secretary issued his proclamation on the first of November stating that we would finish the season on the 18th. Orville Crum was overrun with work, Deak Daniels claiming business and J. A. Liter said he had some work to do. Now the idea of Mr. Liter having work to do when there was a chance to go fishing, almost threw our secretary into spasms. We in company with Mr. Hitch went forth to finish up the season. We had a fairly good time, found the water too clear for the catching of big fish. We knew where some big carp lived on the north side of Wolf Lake and went down to hook one, but Hitch fell off a log making such a noise that the fish left that part of the lake. We caught some good fish in the Sangamon river and came home well pleased with our outing.

Our secretary has notified J. A. Liter and Deak Daniels that their resignations will be duly accepted. But these gentlemen say they will ask for an injunction against depriving them of membership, so there you are.

All of which is respectfully submitted. Pass the salt.

D. K. McCarty.

met on Friday afternoon at Sunshine Cottage with Mrs. Warren Daniels and Mrs. D. K. McCarty, hostesses. The business was of the reading course and the books to be purchased, of ways to get the church sisters interested in Missions, how to reclaim indifferent members and bring in new ones.

The offering was \$2.85. There were two new readers; Miss Mildred Underbrink and Miss Eleanor Guy.

The new study book, "A Crusade of Compassion" was taken up and several pages read.

An interesting letter from Mrs. Everett Burnett of Waverly, was read.

Chester Braner was in Literberry Tuesday in the interests of Grace Chapel church.

Mr. and Mrs. Oscar Peterson, Mr. and Mrs. Charles McDonald and Kenneth Farrell drove their new Chevrolet car to Springfield Sunday and had a pleasant outing.

There will be a Thanksgiving feast in the basement of the Baptist church on Wednesday evening the 26th. This is an annual affair and everybody is invited.

Some very nice children gathered at the McCarty home on Wednesday night and held a reading and story-telling contest. Prize, a dish of candy.

W. W. Young and wife entertained Prof. and Mrs. Arthur Rochester and son Arthur Lakin of Manchester Saturday night and Sunday.

We attended a very interesting Missionary meeting on Thursday afternoon at the home of Elias Braner, Mrs. Golden Braner, hostess. This society has lately been organized and is known as the Woman's Missionary Society of Grace Chapel, Methodist Protestant church, Concord Circuit, North Illinois Conference. Every thing connected with this Mission Society is strictly Methodist Protestant. This was a very interesting meeting, conducted by Mrs. Golden Braner, assisted by the pastor, Rev. Joseph Yemm.

There are nineteen members and a good interest is shown.

Returning from a very enjoyable promiscuous rush last Friday evening we had our attention drawn to a package on our front porch. We never once thought of bombs, but undid the package and found the finest four-pound package of pure honey, any one could wish. It was scientifically built, perfectly filled, being the work of well organized workmen. We knew of only one place in the whole country, where such products could be turned out, and that is the apiary of Chester Braner of "Meadow View Farm" in the Grace Chapel neighborhood. Mr. Braner was a pupil of ours in the bee culture, several years ago when he was a lad, and we are glad to know that he has made good. Mr. Braner has sold over 1,000 pounds of honey this season. We acknowledge our thanks for this sweet remembrance which brings to our mind the Scripture "Cast thy bread upon the water, and thou shalt find it after many days."

Miss Cobb, a nurse from Jacksonville, is staying with Mrs. W. E. Murray for a while.

Mrs. May Vastine of Hastings, Nebraska is in Literberry for a visit with her mother and sister.

EMPLOYEES GIVEN INCREASE

Chicago, Nov. 21.—The B. F. Goodrich Rubber Co., has notified its salaried employees of a 25 per cent bonus to be given December 1. It was announced today. Five thousand employees in the Chicago district will receive approximately \$500,000 under the plan, it was said.

The Central Trust Co., of Illinois also announced a 15 per

cent bonus to its employees to be paid December 5.

MRS. SIMPSON RELEASED  
Elgin, Ill., Nov. 21.—Mrs. Emma D. Simpson who shot and fatally wounded her husband last April in a court room where his suit for separate maintenance was being heard, and was tried for murder and found insane, today was adjudged sane and released from the Elgin State Hospital after a stay of fifty days.

ANNOUNCEMENT.

## WOODSON SCHOOL VISITED BY JOURNALIST

Up-to-Date Building Well Supplied With Equipment for Modern School Plant—Large Lot and Plenty of Shade Trees Make Site Attractive.

Progress is the order of the day and it was with pleasure that the writer called yesterday morning on the Woodson public school. Time has been when the premises there looked a trifle like a rented farm when the tenant was sick or away from home but all that is changed. The building has been put in good repair, proper heating and ventilating apparatus installed and the yard fixed up. It is well supplied with fine shade trees tho a schoolhouse like that hardly needs as large a playground as some as most of the pupils go home to dinner. Still, the lot is all right and the trees are fine. It would be well if something beside so many soft maps had been set out at an early day but they will last a good while yet if we don't have a sleet storm to break down the limbs.

The upper grade room is supplied with superior chair-desks with drawer underneath for books. They are a fine arrangement, portable and strictly up to date. The equipment is not yet complete but doubtless the directors, Dr. R. R. Jones, Allan Sturdy and L. A. Fitzsimmons, have that in view and in time the needed articles will be forthcoming. They have a fine set of maps and a globe. They lack an encyclopedia, dictionary, library and enough pictures on the walls. Washington and Pershing look at each other across the space in the upper grade and if they only had portraits of Lincoln, Grant, Garfield, McKinley, Sherman and other great men and some scenes of the land it would be a great help. The visitor was politely received and the pupils paid excellent attention to all that was said to them and now East Liberty must not be jealous when the writer says that for the first time he had all his questions answered but when it came to asking questions a good many were propounded by the pupils but East Liberty is still ahead, so Miss Kenyon may feel that the laurels of her school are yet intact tho there are several schools yet to be visited.

Woodson is a fine community and the rising generation there deserves a good school and seems certainly to have it. The prompt answers to the questions of the visitor were gratifying and showed that they had been to school for some purpose.

### The Pupils.

The pupils are, primary grade, Miss Jennie McCracken, teacher: Dorothy Theiss, Harry Kitner, Clarence Adams, Juanita Brogdon, Marion Smith, Edna Burns, Helen Sturdy, Howard Rolson, Howard Spainhower, Edward Smith, Howard Smith, Roy Shelton, Orville Henry, Phyllis Steinmetz, Lucile Harney, Mardelle Henry, Lester DeLong, Martha Jones, Joseph Brogdon, Jesse Henry, Mary Kitner, Sibel Kehl, Burrus White, Roy Megginson, Mildred Megginson, Lois Fitzsimmons.

Upper grade, J. C. Colton, teacher: Leo Adams, Leo Sullivan, Lucile Adams, Della Adams, Clarence Kitner, Bernice Kitner, Herry I. Kitner, Maurine Self, Eloise Self, Geo. Barrow, James Glasgow, Arthur Glasgow, Arthur Glasgow, Roy Smith, Paul Jones, Margaret Cunningham, Esther Cunningham, Helen Rolson, Marjorie DeLong, Harold DeLong, Mary Catherine Sturdy, Don Cunningham, Bethel White, Gladys DeLong, Hazel Rolson, Paul Jones, Eugene Megginson, Mabel Henderson, Willie White, Willie Crain, Wilbur Taylor, Floyd Harney, Fay Shelton, Eva Shelton, Marjorie Fitzsimmons, Meda Megginson, Marie Henry, Charles Sorrells.

### NEW BOOKS AT PUBLIC LIBRARY

**Notable New Biography.**  
Biography possesses more life to the square inch than any other form of literature. The biographies on this week's book list at the Public Library fit admirably into the program for Saturday evening at the Library. At that time Dr. T. G. Gilmer of Chicago will review the life of Dr. Greene V. Black. It is well to remember that Jacksonville also has her great men.

A good biography of a great man is a clearer inspiration than anything except a close intimacy with the man himself. The revelation of personality, intimacy of setting and conversational flavor which biography shares with fiction are enhanced by being true.

Those who are planning to hear Dr. Black's life reviewed on Saturday evening, those who are hero worshippers and those who see in the life of a fellow man the steady illuminating quality of a search light will enjoy these books:

Breshkovsky—Reminiscences and Letters.

Lang—Maid of France. "The Name and Fame of Jeanne d'Arc are in the Catalog of Common Things, Like the Rainbow."

Parker—An American Idyll. "A wife's loving memoir of the home life and work of Carleton Parker, late Professor of the University of California, whose interest in labor troubles won him distinction."

**History.**  
Egan—Ten Years Near the German Frontier. Maurice Francis Egan, U. S. minister to Denmark adds his contribution to the understanding of international affairs.

Hazen—Fifty Years of Europe. Kalaw—Self-government in the Philippines.

Sweet—History of Latin America.

Trevelyan—Scenes From Italy's War.

Upward—The East End of Europe. A frankly pro-Grecian account of the struggle between

the Greek and Bulgarian for the possession of Macedonia. Vanderlip—What Happened to Europe.

**Sociology.**  
Colvin—Labor Turnover Loyalty and Output.  
Commons—Industrial Goodwill.

Morman—Place of Agriculture in Reconstruction.

## With Three-Point Cantilever Springs New Overland 4 Seems to "Sail Over The Roads"

**THE** new Three-Point Cantilever Springs of Overland 4, by their special construction and design, protect car and passengers from ordinary road jolts. Bumping, twisting, swaying and vibrating are wonderfully lessened. The blows of the road seldom reach you. There is less tendency to bodily fatigue after long rides.

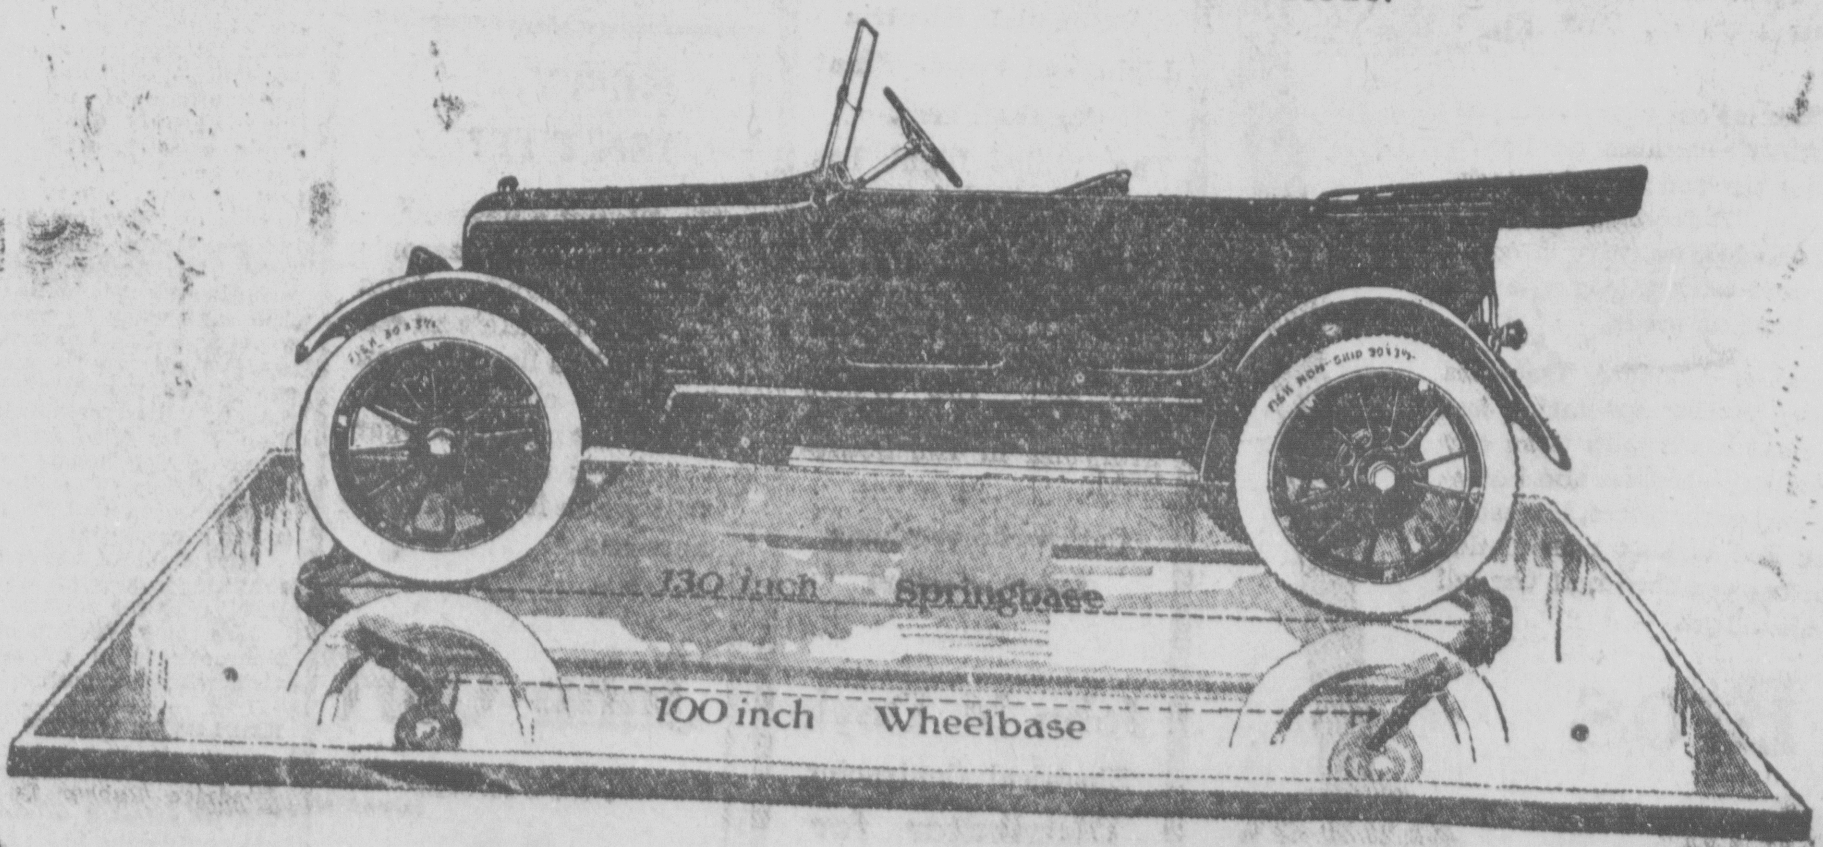

The springs of Overland 4 attached at the ends of a 130-inch Springbase give the riding comfort and road steadiness heretofore possible only with cars of long wheelbase and great weight, yet Overland 4 retains the light weight and economy advantages of 100-inch wheelbase.

Three-Point Cantilever Springs protect the car from the hammering and wear of road blows. They lengthen its life and reduce upkeep costs.

Equipment of Overland 4 is dependable and complete from Auto-Lite Starting and Lighting to Tillotson Carburetor.

250,000 miles of test have made the strength and endurance of this car a matter of record.

See Overland 4 at the first opportunity. Ask for booklet. Overland 4 Touring, \$845; Roadster, \$845; Coupe, \$1325; Sedan, \$1375. Prices f. o. b. Toledo.

## 3 Million Dollars but— It bought MUSIC

No finer example of courage is known to the world of science than Thomas A. Edison's work in perfecting the phonograph. The skeptics rose in full chorus when he proposed a better phonograph, an instrument "that could produce music as human as the artists who first gave it utterance."

Mr. Edison's experiments exhausted the entire field of research in sound reproduction. He built and rebuilt until his final, perfected model cost him Three Million Dollars.

### And the result?

Ask some one who attended the George Wilton Ballard recital last Monday evening. There was the public proof. Mr. Ballard sang in comparison with the RE-CREATION of his voice by the New Edison. And no one could distinguish the living voice from its RE-CREATION.

## The New Edison

"The Phonograph With a Soul"

If you love music, you will agree with Monday's enthusiastic audience: — The New Edison represents Three Million Dollars well spent.

The soul of song is cheap at any price. Yet it is now brought within reach of your pocketbook. The instrument used in Monday's conclusive test is a duplicate of Mr. Edison's Three Million Dollar Model. It sells for \$285 (In Canada \$431).

You cannot afford to slow down now. Every ounce of your strength, your health, vitality and mentality are needed in the efficiency tests that men must face daily. It's no time for the walling, whining quitter—for every man who is physically fit is laying down on the job if he permits himself to become fatigued out, tired, sick and ailing.

### Your Duty is to Keep Well

It's every able man's duty to be well and keep so. Most men are laid up not because of too much work, but because their energy is dissipated and wasted by faulty nerve action. Most men can be "100% men" if they will conserve their power house. That's why leaders in the world's activities who believe in conservation even in their personal efforts, are endorsing Chiropractic, because through it faulty nerve action is corrected and a normal distribution of energy is brought about. The vital human power is restored and wonderful endurance, a greater capacity to accomplish and real health result through

## SALARY QUESTION CAUSES SOME WORRY

Members of Constitutional Convention Will Probably Have Expenses Equal to Pay.

Several members of the constitutional convention, according to the Chicago News, are beginning to speculate as to how long the salary of \$2,000, which they are allowed, will last them at Springfield with the high cost of living in hotels and railroad fare going and coming every week. Several delegates who planned to take their wives with them to the state capital for part of the session figure that they will be out of pocket before they are thru and will be working for the state gratis part of the time. The legislature intentionally made the stipend for delegates low, so as not to cause a scramble for the positions.

The convention will be called to order Jan. 6, next by Gov. Frank O. Lowden in the hall of the house of representatives. The legislature appropriated \$500,000 for expenses. It is believed the convention will sit three or four days each week, and will require from four and one-half to five months to complete its work. There will be 102 delegates.

It is expected that in procedure the convention will follow largely the lines of the conventions held in Ohio, New York, Michigan and Massachusetts. It has been fifty years since Illinois had a constitutional convention, and there is little precedent for making up a program. The first business will

be to elect a chairman, who must be a delegate, and a secretary, who probably will be an outsider. The convention fixes the pay of its officers and has full authority to decide how much clerical help it will need.

Shanahan for Open Sessions.

After the convention is organized it is planned to have a committee on rules, by-laws and procedure. This committee will fix the number and titles of the standing committees. There may be a debate at the start as to how the business of the convention shall be handled, whether largely thru sub-committees or thru committee of the whole when important matters are up. David E. Shanahan, speaker of the house of representatives, who may be elected president of the convention, favors throwing the door wide open and giving every one a chance to be heard by the committee of the whole.

"Let every one who has an idea come and express it," said Mr. Shanahan. "Make it impossible for any one to say that he or she did not have a fair hearing. Give every one a hearing, a dozen hearings if necessary, and invite them in where they can talk to all members of the convention. While it is important to be expeditious in carrying on the work, there should be nothing that smacks of unseemly haste. It would create a bad impression if the convention gave the impression that it hurried thru and did not give full hearings. I expect the legislative program will be followed to some extent, with sessions in the morning and committee meetings in the afternoon. I believe the convention will put in three or four full days each week, and I do not think any long recess will be necessary."

### Dodd Outlines Preparations

The November number of the Illinois Law Review contains an article by W. F. Dodd, outlining the preparations that already have been made for the convention. Mr. Dodd is in charge of the collection of data for the legislative reference bureau. At the pace that bureau is now working, the delegates to the convention will have an ample supply of information on every important subject that is likely to come before them. First they will have an annotated edition of the constitution of 1870, each clause being considered in detail.

Mr. Dodd says the delegates also will have a series of small pamphlets, each dealing with one important problem.

The short ballot.

Municipal home rule.

County and township government. Chicago and Cook county.

"The plan with respect to each of these pamphlets," says Mr. Dodd, "is to give as fully as possible the information upon the subject with respect to Illinois, and regarding experience of other states and countries. Each investigation will seek to present merely the facts and to present them impartially. It is desired that the investigations should cover every question likely to come prominently before the convention."

## THE GREATEST LOVE STORY EVER TOLD

"The Right to Happiness", Starring Dorothy Phillips, Coming to Luttrell's Next Wednesday and Thursday.

At the edge of the Jewish quarter of old St. Petersburg, nineteen years ago, lives Andrew Hardcastle, an American millionaire, with his motherless twin girls, Dorothea and Vivian. Hardcastle goes away overnight on a business trip leaving the girls in care of their Jewish nurse. During his absence a Cossack pogrom against the Jews break out. Hardcastle's home is burned, the nurse is killed and the girls are separated. Dorothea being adopted by a Jewish family and reared in radicalism.

Hardcastle finds Vivian, takes her back to America, where she is brought up in idleness and luxury. The Russian twin becomes a radical leader, dominates the meetings and is finally sent to America to stir up unrest and strife. She is accompanied by Paul, her adopted brother, a peace-advocating adorer, and by Sergius, the fox, a sneaking Russian, also a leader in the radical cause.

Hardcastle has become money mad, last year importing the last penny and the last drop of blood from his associates and workmen. He refuses to employ returning soldiers, which results in a quarrel with his partner, Henry Forrester. The men separate and go their own way. Forrester, an idealistic though practical American, runs his factory on a different basis and thrives, while Hardcastle's men revolt at their inhuman treatment.

The Russian girl, now known as Sonia, the little comrade, finds fertile soil among Hardcastle's dissatisfied workmen. Forrester's contented workmen are impervious to her doctrines. At length Vivian, the American twin, learns of the discontent and metamorphoses from an idler into a missionary among the workmen's families. She works wonders with the help of Tom Hardy, her father's foreman.

Finally Sonia leads a crazed mob against her own father's palatial home, not knowing, of course, who he is. Vivian reaches home after a mission of mercy about the same time. The girls meet and are strangely attracted to each other. Sonia saves her sister from the angry mob and is shot by a Russian agitator. The wounded girl is carried into her father's house where he learns her identity before she dies. By her supreme sacrifice he comes to understand. He goes to the door and tells the mob of workmen of a new order of things. They cheer him and disperse.

Vivian marries Tom Hardy, the foreman, and the partnership of Hardcastle and Forrester is resumed on a model basis.

### ARMY KEEPS ITS PIGEONS

The Feathered Messengers Often Beat Wireless for Liaison.

From the Funstonian, Camp Funston, Kan.

While much publicity has been given to the wonderful work of the carrier pigeons on the battle fields of Europe, little has been said regarding their peace time duties.

When war was declared, the United States was far behind the European countries in the science of racing pigeons. It was a national sport in Belgium, parts of England and France. Most of the European countries had a well organized pigeon service in their armies. After the armistice was signed all but about thirty of the one hundred lofts which had been established in the United States for the purpose of training troops in this method of liaison, were closed. It is intended to maintain a permanent pigeon corps of at least thirty lofts in the regular United States Army. A loft will be maintained at West Point for the purpose of familiarizing future officers with habits and methods of training these birds. Several lofts will be kept in the United States, also the territory of Hawaii, Panama and perhaps the Philippine Islands. Additional stationary and mobile lofts will be maintained for breeding and training birds for use of the Mexican border patrol. Lofts are maintained along the Mexican border where the birds are used for outpost duty by our cavalry and air patrol.

The balloon school at Brooks field and other posts in the Southern department have demonstrated the superiority of pigeon liaison over all other means of communication—this being the only means of communication from free balloons in flight, balloons being used for training balloon pilots. Often in their flights they land from ten to a hundred and fifty and two hundred miles away, often in the mesquite brush many miles from telephone or telegraph stations. The head-

quarters is kept in touch with location of the balloon by taking sufficient birds, releasing one every half hour to every hour, an additional bird being retained to give their location upon landing so that transportation can readily find them. Birds cover ten miles in from ten to twenty minutes, and 150 miles in two and one-quarter to three hours. They are used in the same way in the air service. When an aviator makes a forced landing, due to engine or other trouble.

The motor transport corps is using them when trucks and truck trains are sent out on long trips where telephone stations are few.

The army has turned over some of its lofts to the forest patrol, which uses them where telephone connections are unavailable or destroyed.

These birds are quite dependable up to five hundred miles. However, the best results are obtained from twenty to two hundred and fifty miles. Birds must be disciplined and as carefully trained as any soldier of the line.

### ACHIEVEMENTS OF THE 66TH CONGRESS

Republicans in Control of Both Branches For the First Time in Six Years.

WASHINGTON, Nov. 22.—While consideration of the treaty of Versailles was the outstanding event of the first session of the sixth-sixth congress the first in six years in which republicans have controlled both branches—considerable important legislation was completed and many other measures prepared for disposal when the regular meeting begins December 1.

The session closing today was convened May 19 under a call cabled from Paris by President Wilson, to consider appropriation bills which failed at the session ending March 3.

Among the principal legislative achievements were:  
Submission of the woman suffrage constitutional amendment to the states for ratification.

The prohibition enforcement bill passed over President Wilson's veto.

Repeal of the daylight saving law, over the president's veto.

Providing for return of telegraph, telephone and cable wire lines to private operation.

Extension of the Lever food and fuel control law to clothing and other necessities and penalizing hoarding and profiteering.

Granting permanent rank to General Pershing.

Providing for demobilizing the army to a peace basis of approximately 300,000 men.

Continuing war-time passport restrictions so as to prevent an influx of radical aliens.

Ten appropriation bills aggregating about \$3,000,000,000.

Senate discussion of the German treaty began May 23, but the document itself was not submitted by President Wilson until July 10. Committee hearings and consideration required two months, the report which fourteen reservations being made to the senate September 10.

The French treaty, providing an American guarantee to assist France in the event of unprovoked German aggression was submitted to the senate by the president July 29, after demands from Senate republicans, but still remains in the foreign relations committee.

Another treaty, the Pan-American Canal settlement with Colombia proposing paying of \$25,000,000 by the United States also remains in committee.

Several important legislative measures went over for final action at the regular session. The oil, coal, gas and phosphate and leasing bill was passed by both bodies and remains in conference as does the Edge bill authorizing organization of corporations to help finance American export trade.

The Esch railroad bill passed the house and will be taken up with the senate interstate commerce committee's bill at the December session.

There were numerous investigations. Besides the house inquiries into aviation, ordnance contracts and other war department activities the senate investigated the steel strike, Mexican situation and the coal situation.

Preliminary steps looking to revision of tariff and internal revenue laws also were taken, with general revision planned for the regular session.

Controversies resulted from opposition to senate confirmation of Attorney General Palmer and controller of Currency Williams. The former was confirmed, but the latter's nomination is still pending.

### AMAZING HEROISM.

Sergt. York Follows Up By Sacrificing Fortune for Sake of Mountain Schools.

Of all the stories of amazing heroism in the great war, there is none better authenticated than the story that Sergt. York, the great doughboy hero who single-handed fought and whipped a German machine gun battalion, will tell in his lecture at Central Christian church on Saturday, Nov. 29, at 8 p. m.

This lecture, under the auspices of the Rotary Club, is for the benefit of the mountain school that the Alvin C. York Foundation will establish at York's home in the mountains of Tennessee.

When Sergt. York came out of the Argonne Woods on October 8, 1918, bringing 132 German prisoners, including a major and three lieutenants, with him, it was at once recognized that something out of the ordinary in the way of a scrap had been going on up in the woods.

An investigation by army officers resulted in showing that York has performed what Marshal Foch says was the greatest thing accomplished by any Allied soldier, when he killed more than twenty of the enemy with his rifle and pistol, fighting against their machine guns, and forced the surrender of the 132 whom he took to the rear with him.

The various investigations made by the American and foreign governments resulted in York's receiving the Congressional Medal of Honor, the D. S. C., and numerous foreign decorations. It made him the most famous of all doughboys.

On his return to America it brought him offers of a fortune to go into vaudeville. He declined and is giving himself to his own people, hoping to get better schools for mountain children and devoting all proceeds of his lectures to that purpose.

### FORTUNE COULD NOT BUY GOOD, SHE SAYS

Peoria Woman Praises Tanlac For Ending Twenty-five Years Trouble.

"Now, since I have taken Tanlac I am in better health than I've been in twenty-five years," said Mrs. Henrietta Shoup, who lives on Route No. 3 from Peoria, when she called at the Sulliff & Case Drug Store, the other day.

Continuing Mrs. Shoup said: "If it hadn't been for Tanlac I would not have been able to have made the trip into town today, and I feel so thankful for the good this medicine has done me that I have come in the store here now to tell you how I have been restored to complete health. No, sir, a fortune couldn't buy the good this medicine has done me."

"Before I commenced taking Tanlac I had been in bad health for twenty-five years, and my condition had been getting worse all the time until I got to where I was in misery nearly all the time. My stomach was in an awful fix and nearly everything I ate soured and caused gas to form so bad that I thought I would smother at times. I would have terrible headaches, and I had such bad dizzy spells at times that I couldn't stand up. I was very nervous and restless and my sleep was broken, and I lost in weight until I looked almost like a frame. I had always taken pride in raising my own chickens and turkeys, but I was so broken down that I had to give it up entirely."

"When I had almost given up all hope of ever being relieved of my suffering, a neighbor persuaded me into trying Tanlac, so I got a bottle. That one bottle did me more good than all the other things I had taken put together for the last twenty-five years. I was so encouraged that I kept right on taking Tanlac, and now today you can see for yourself what it has done for me. I am seventy years old but I am in the best of health, have a splendid appetite and am never troubled one bit with my stomach. The headaches and dizzy spells have all left me, and I am not nervous or restless and can sleep fine every night. My strength has come back and I have gained in weight. I just feel so fine that I am simply overjoyed at my recovery."

Tanlac is sold in Jacksonville by Coover & Shreve, in Mercedos by Mr. R. B. Field, in Murraville by M. E. Gilbert, in Waverly by Wyle Drug Co., in Woodstock by The Hov Pharmacy, in Chapin by Jno. Onken & Bro., and in Alexander by Frank J. Kaiser.—Adv.

## CO-OPERATIVE GROCERY STORE SOON TO OPEN

Incorporation Papers Have Been Issued and Over \$3,000 in Stock Subscribed.

There has been organized in Jacksonville a Co-Operative Society for the purpose of engaging in the retail grocery business to begin with. Letters of incorporation were issued Oct. 24th which permit this society to engage in retailing food, fuel, furniture, clothing, agricultural supplies, shoes, etc. Stockholders may subscribe for from one to five shares of stock at \$5 per share.

Over \$3,000 has been subscribed and stock to the amount of \$3,000 will be issued at once. It is incorporated for \$10,000, is not confined to any particular class and the stockholders, therefore, are from all walks of life. The society would like to see more farmers interested and hopes they will consider this proposition carefully from a business standpoint, and decide to become members.

All goods are to be sold on the principle of standard goods at standard prices. Each customer will preserve his purchase slips, and at the expiration of three months present them and receive his share of the profits, which is determined and declared quarterly. Four per cent interest is paid on share capital; also on loan capital, which may be amounts left in the treasury by members as accrued profits which have been credited to them. If a member so desires, it can be left in the treasury indefinitely as working capital to increase business, while the member receives four per cent interest on same.

This society is organized on the Rochdale plan, which has proven so successful in England and other European countries during the past 60 years. There are at present over 3,000 societies or stores in this country. There are 75 retail stores in Illinois and 2 wholesale stores.

The society will need farm produce and the farmers need standard goods at standard weight and can get an equal chance at the profits by becoming stockholders.

Those interested enough to investigate can get all information desired by President W. J. Hardy, Secretary and Treasurer L. P. Hoffman, or the other members of the board of directors: Chas. Cobb, Duncan Ferguson, I. Beatson, J. W. Chappase and Robt. Paterson.

The location of the store will be announced within a week or ten days and the board of directors invites an inspection and investigation of this principle, held so much in respect by the agricultural element of our country.

### DOUBLE BEAUTY OF YOUR HAIR

"Danderine" creates mass of thick, gleamy waves

In a few moments you can transform your plain, dull, flat hair. You can have it abundant, soft, glossy and full of life. Just get at any drug or toilet counter a small bottle of "Danderine" for a few cents. Then moisten a soft cloth with the "Danderine" and draw this through your hair, taking one small strand at a time. Instantly, yes, immediately, you have doubled the beauty of your hair. It will be a mass, so soft, lustrous and so easy to do up. All dust, dirt and excessive oil is removed.

Let Danderine put more life, color, vigor, and brightness in your hair. This stimulating tonic will freshen your scalp, check dandruff and falling hair, and help your hair to grow long, thick, strong and beautiful.

### A FIGHTING ELDER.

Sergt. Alvin York, Conqueror of a Hun Battalion, Staunch Christian.

Sergt. Alvin C. York, second elder in the Church of Christ in Christian Union, at Pall Mall, in the mountains of Fentress county, became persuaded that his duty lay in making the best soldier that he knew how to fight the Germans. How well he succeeded is shown by the medals he has received and the statements of Marshal Foch and General Pershing that he performed the greatest single exploit of the whole world-war when he successfully gave battle to an entire German machine gun battalion in the Argonne, killing more than 20 and capturing 132 of the gunners single-handed.

York, a big, raw-boned, red-headed Tennessee mountaineer, will lecture for the benefit of the schools in the mountain county. He will appear at Central Christian church on Sat., Nov. 29, at 8 p. m., under auspices of the Rotary Club.

He will tell something of the mountain country from which he came, of the lack of opportunity that is holding back thousands of mountain boys who have the same rugged qualities that enabled York, cool, calm and collected, to whip a Hun battalion, and of the need for a school to serve that country—a school, not a "university."

York might have become rich thru the offers of vaudeville and motion picture companies. He declined the offers, and is devoting his time to helping his home people and the people of the surrounding mountain counties to an education. He is taking nothing for himself.

### CONSERVATORY NOTES

Mr. Munger will give his annual Piano Recital on Tuesday evening, December 2nd, in Northminster Church. Of the three groups of pieces composing his program, the third will be made up of request numbers, chosen according to the plan followed last year. The public is cordially invited to attend.

The Thanksgiving recess will last from Wednesday evening, November 26th till Sunday evening, November 30th. Mr. Kritch and Mr. Munger will spend the time in Chicago and Indianapolis.

Miss Mabel Forrester will give a recital of Voice and Violin in Vandalia on Monday afternoon, December 1st, under the auspices of the Woman's Club.

Mr. Kritch, Mr. Munger, Mr. Clarence John, Mr. Elmer Nickel and Mr. Wellington Rose, Miss Lillian Lonergan attended the Concert given by the Sistine Choir in Springfield Friday evening, November 21st.

Mrs. Bullard visited in Chicago early in the week, attending the Opera.

For Sale—Ford Touring car, new model, A-1 condition, private owner. Inquire at Modern Garage Saturday or Sunday.

### WON WITH RIFLE

Sergt. York's Feat Shows That American Weapon is a Power in Battle.

That the rifle in the hands of the American soldier who knows how to use it is still one of the most effective of all weapons of warfare was proven again by the amazing exploit of Sergt. Alvin York, 328th Infantry, 82nd Division, who during the Argonne fighting engaged in battle a whole German machine gun battalion, and with his rifle and pistol only, outfighting them, killing more than twenty and capturing 132 by official count.

Sergt. York, a big, red-headed Tennessee mountaineer, in his lecture at Central Christian church on Saturday, Nov. 29, at 8 p. m., under direction of the Rotary Club, will tell something of his early training in the Cumberland Mountain shooting, matches that enabled him to accomplish what Marshal Foch said was the greatest feat accomplished by any soldier of the Allied armies, and will outline the story of the memorable fight.

Because he was able to use rifle and pistol, and because he had the nerve to keep using them under circumstances where many men would have surrendered, he put out of action 35 machine guns and broke up a flank attack that was being prepared against his regiment. Incidentally he won the Congressional Medal of Honor, the Distinguished Service Cross and several foreign decorations.

Upon his return to his mountain home Sergt. York, who is a devout Christian and an elder in his church, declined the offers to "commercialize" his fame and decided to devote himself to the founding of a school for mountain children where they may receive the sort of training they have been denied. The York Foundation, a non-profit corporation with leading Tennesseans as trustees, is formed and under its direction Sergt. York is making a lecture tour to present the cause of mountain education.

### COLLEGE OF MUSIC

Word has been received from Mr. Stearns, the former director of the College of Music, that in addition to his position as organist at Dr. Sheldon's Church, in Topeka, Kansas, he has been chosen as Municipal Organist for that city. Mr. Stearns is now Dean of the Fine Arts Department of Washburn College.

Miss Lazelle's recital Wednesday evening, November 26, will be a historical song program, including songs from the sixteenth to the twentieth centuries, of various schools and periods.

Miss Moore's recital will take place at the evening of December 4 instead of December 1st, as first planned.

Master Edward Landis, pupil of Miss Moore, played a solo at the David Prince School Friday morning.

A children's recital will be given on Friday, November 28th, at 4:15 p. m. in Music Hall.

The following program was presented at the regular pupils' recital Thursday afternoon, Nov. 20th.

### WOMEN, PREPARE!

Thousands of women in Illinois have overcome their sufferings, and have been cured of woman's ills by Dr. Pierce's Favorite Prescription. This temperance medicine, though started half a century ago, sells most widely to-day. It can now be had in tablet form as well as liquid, and every woman who suffers from headache, nervousness, should take this "Prescription" of Dr. Pierce's. It is prepared from nature's roots and herbs and does not contain a particle of alcohol or any narcotic. It's not a secret prescription for its ingredients are printed on wrapper. Tablets 60 cents at druggists.

Write confidentially about your case or send 10 cents for trial package of "Favorite Prescription Tablets" to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y.

Savanna, Ill.:—"During my second expectant period I took Dr. Pierce's Favorite Prescription as a tonic. My health was perfect all the time up to the eighth month when I met with a serious accident, a step gave way and I fell. I kept right on taking the 'Prescription' and I am sure that this tonic prevented serious consequences. It was with my doctor's approval that I kept right on taking 'Favorite Prescription.' I had no fever or any after troubles. I feel most grateful for what this medicine did for me at that time and am always pleased to recommend it."—Mrs. JENNIE CORRELL, 600 Bowen St.

Rockford, Ill.:—"To anyone desiring mild and safe laxative I never fail to speak a good word for Dr. Pierce's Pleasant Pellets. I put this remedy above all others for constipation and sick headaches."—Mrs. CARRIE L. PIER, 124 Kilburn Ave.

### Watch Your Blood When The Iron Runs Low You Are In Danger

The Same As When The Mercury Goes Down You Know There Will Be A Frost

### How To Make The Test That Tells

Actual blood tests show that a tremendous number of people who are weak and ill lack iron in their blood and that they are ill for no other reason than lack of iron. Iron deficiency paralyzes healthy, forceful action, pulls down the whole organism and weakens the entire system. A pale face, a nervous, irritable disposition, lack of strength and endurance and the inability to cope with the strong vigorous folks in the race of life—these are the sort of warning signals that Nature gives when the blood is getting thin, pale watery and literally starving for want of iron. If you are not sure of your condition, go to your doctor and have him take your blood count and see where you stand or else make the following test yourself: See how long you can walk or how far you can walk without becoming tired; next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. By enriching the blood and creating new red blood cells, Nuxated Iron strengthens the nerves, rebuilds the weakened tissues and helps to instill renewed energy and power into the whole system. Unlike the older inorganic iron products Nuxated Iron is easily assimilated, does not injure the teeth, make them black nor upset the stomach. The manufacturers guarantee successful and entirely satisfactory results to every purchaser or they will refund your money. It is dispensed by all good druggists.

UNION THANKSGIVING SERVICE AT THE FIRST BAPTIST CHURCH. The annual Thanksgiving Day will be observed by the evangelical churches of the city in an appropriate manner at First Baptist church, Thursday at 10 a. m. Rev. J. F. Langton, rector of Trinity Episcopal church will give the sermon.

SCHOOL OF INSTRUCTION. George W. Carr of Maywood will have charge of a school of instruction at a meeting of the Morgan county justices of the peace to be held here next week.

## Druggists and Doctors Astonished At Wonderful Power of Nicotol To Stop the Use of Tobacco To Detect Harmful Effects of Tobacco Try These Simple Tests

New York—Mr. Tobacco User, any druggist will tell you that a remedy to successfully sold must, above everything, possess merit, otherwise it is inevitable. Nicotol, the famous remedy for the tobacco habit, is a success right from the start, simply because it quickly does the work of what they think of Nicotol, id you may rest assured that they could not permit the use of their times unless Nicotol was something more than the ordinary. The Peoples Drug stores have five of the best stores in Washington, D. C. they write: "Since we have handled Nicotol the sale has been greater than that of all the rest of the articles of this nature which we have ever sold. The demand was so great that we were compelled to order it locally pending receipt of a shipment from you direct." Schramm, who have six stores in Salt Lake City, say: "We take this opportunity of expressing ourselves relative to Nicotol. We have enjoyed a very large sale on same and it has given entire satisfaction to our customers." Jacob Brothers, of Philadelphia, Pa., have this to say: "Our use of Nicotol have passed our expectations. Our first order was placed in March and we were forced to order before the end of April; the sales have kept up well ever since, and we are so sure that we are receiving many repeat orders from our customers and many expressions of opinion regarding the merit of this article have been very favorable." Dr. Connor, formerly of Johns Hopkins Hospital tells how to detect the harmful effects of tobacco. Here is what he says: "Many men who chew, smoke or snuff incessantly, who are seemingly healthy are suffering from progressive organic ailments. Thousands of them would never have been afflicted had it not been for the use of tobacco, and thousands would soon get well if they would only stop the use of tobacco. The chief habit forming principle of tobacco is nicotine, a deadly poison which, when absorbed by the system slowly affects the nerves, membranes, tissues and vital organs of the body. The harmful effect of nicotine varies and depends on circumstances. One will be afflicted with general debility, others with catarrh of the throat, indigestion, constipation, extreme nervousness, sleeplessness, loss of memory, lack of will power, mental confusion, etc. Others may suffer from heart disease, bronchial trouble, hardening of the arteries, tuberculosis, blindness or even cancer of the common affliction known as tobacco heart. If you use tobacco in any form you can easily detect the harmful effects by making the following simple tests. Read aloud one full page from a book. If, in the course of reading your voice becomes muffled, hoarse and indistinct, and you must frequently clear your throat, the chances are that your throat is affected by catarrh and it may be the beginning of more serious trouble. Next, in the morning before taking

### To All My Old Friends, and Patrons and to the Public in General:

I wish to state that Mr. Edward H. Ranson, who has recently purchased my storage battery business, is in a position to successfully take care of all your battery trouble.

I thoroughly recommend Mr. Ranson in this capacity, and know he will give you the greatest satisfaction.

Mr. Ranson is located 210-212 East Court St., and is distributor for the MAC-LAR Storage Battery for Morgan and Scott county.

His many and successful sales of this battery in the past speaks well for its stability and long life.

Sincerely yours,

FRED W. GRASSLEY.

Come in and let us show you some of the tests on the Battery I show you. Its neat mechanical appearance and the sworn statement of its charge and discharge rate.

### MISSOURIANS VISIT MEREDOSIA FRIENDS

Mr. and Mrs. Enoch Hyde and son arrived here from Rich Hill, Mo., for visit—Other News from Meredosia.

Meredosia, Nov. 20.—Mr. and Mrs. Enoch Hyde and son Harold arrived here Monday from Rich Hill, Mo. They have been living on a farm near there but have disposed of it and will locate in Illinois. They visited Mr. and Mrs. James McLain until Wednesday when they went to Jacksonville to visit Mr. and Mrs. Will Naylor. Mrs. McLain accompanied them to Jacksonville returning Thursday. Mr. and Mrs. Hyde made the trip from Missouri in their car.

Edward Schaefer was a Jacksonville visitor Tuesday.

J. A. Weeks, real estate dealer of Arenzville, was transacting business here Tuesday.

GETS 28 EGGS A DAY  
NOW, FROM 34 HENS

Chas. C. White, Well-Known Breeder,  
Tells How. Costs Nothing to Try.

"I gave Don Sung to 34 utility Buff Orpingtons and the egg yield increased from 7 to 28 eggs a day. Don Sung is a wonder and I am now giving it to all my hens regularly."

Chas. C. White, Manager Cherry Hill Farm, Flackville, Ind.

Mr. White is the well known breeder and exhibitor. He wrote the above letter during bitter cold weather in December, after his test had shown a gain of 21 eggs a day from 34 hens. We will make you the same offer we made him. Here it is:

Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your drug-gift or poultry remedy dealer or send 50 cents for a package by mail prepaid. Burrell-Dugger Co., 284 Columbia B. Bg., Indianapolis, Ind.

### HOME MADE RECIPE CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and any one who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcline and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

### WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL  
HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-feren is without doubt the grandest and quickest remedy for nervous, run down, weak, senile men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keener, did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

The Theta Sigma pledged the Misses Gladys Hollin, Ruth Rowell, Hazel Dell, Helen Carpenter, Doris Downey, Edith Baldwin, Luella Kneale, Harriet Watt, Bessie Thayer, Suzanne Rhinehart, Ruth Haywood, and Inez Gish.

Miss Mary Rose Adams led the Y.M.C.A. service on Sunday afternoon. The subject was "Friendship" one that is always interesting to college girls.

The score of the Faculty-Senior-Junior hockey game, played Monday morning, still favors the student team. Fourteen to six sounds like a large majority but the Faculty are putting up a good fight.

Observations of the city schools, for the purpose of practical work in the philosophical and educational departments of the college, were begun on Monday afternoon. The students have been greatly interested in the classes.

The anniversary of the establishment of student government was celebrated on Thursday. A clever stunt was given in the morning and a college Sing was held in the social room in the evening at which the new song books were used.

Dr. Harker returned Thursday from New York City where he attended two meetings, one a church conference and the other a conference of college presidents, convened for the purpose of discussing educational problems. He spent part of Sunday with the Misses Alma Harmel, Helen Ost, and Mary Louise Powell, former students of I. W. C. A party from Rushville motored to Jacksonville Sunday to visit Miss Marian Munson at the college. The number included her mother, Mrs. J. C. Munson, her sister, Miss Helena Munson, an alumna of the college, Miss Grace Collier.

### A COLD RELIEVER FOR FIFTY YEARS

Dr. King's New Discovery  
has a successful record  
of half a century

TIME-TRIED for more than fifty years and today at the zenith of its popularity! When you think of that, you are bound to be convinced that Dr. King's New Discovery does exactly what it is meant to do—soothes coughs, raw throats, congestion-tormented chests, loosens phlegm-pack, and breaks the most obstinate cold and grippe attack. Dr. King's is safe for your cold, for your mother's cold, for the kid's cold, cough, croup. Leaves no disagreeable after-effects. 60c. and \$1.20 bottles at your druggist's.

### Bowels Act Sluggish?

Irregular bowels often result in serious sickness and disorders of the liver and stomach. Make them act as they should with Dr. King's New Life Pills. Keep the liver active—the system free from waste. 25c. a bottle.

### Tells How to Stop a Bad Cough

Surprising results from this famous old home-made syrup. Easily prepared and costs little.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with croup and you want quick help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means business. It loosens and raises the phlegm, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tube with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds. There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pine Co., Wayne, Ind.

5 Days

November 24, 25, 26, 27 and 28

PARK  
YOUR  
CARES

Now listen folks and keep your ear close to the ground; read every word of this ad because it will enlighten you that the management of Scott's Theatre has booked for 5 consecutive days, Nov. 24, 25, 26, 27, 28, the greatest picture of all time; doubtful if another picture of such greatness will ever be produced again. It appeals—like a tale of true love. It thrills—like a burst of glorious music. It inspires—like a message from a master. Come, live a life in an hour.

# "THE MIRACLE MAN"

A Paramount-Artcraft Picture---From the Play By George M. Cohan

A ROMANCE of rogues who followed a "fake" faith.

All that is fine, all that is sorrowful, all that allures in the act of living, crowded into one thrilling picture of unalloyed delight.

A vivid, vital drama of human hearts, sinning, struggling, loving, achieving. Driving ahead with action that grips and holds. Softened with humor so true that it laughs with all mankind, so deep that it starts the tears. More amazing than even the great stage triumph.

Do you know what love is? Come to "The Miracle Man."

JOSEPH J. DOWLING and BETTY COMPSON in  
George Loane Tucker's "The Miracle Man"  
A Paramount-Artcraft Picture

A STORY of flesh, blood and soul, that will live forever in your heart.

Fascinating scenes of the underworld; startling, breathless conflict; love that is evil, love that is good; lure of the sea, of the gambler's luck, of the fields and flowers in summer; the bitterness, sweetness, dregs and wine of the world, all blended into this big, inspiring masterpiece of screen entertainment.

Every scene a smile, a thrill or a clutch at your throat.

Six months in the making.

Would you live a life in an hour? Then come to "The Miracle Man."

100% Dramatic — 100% Entertainment  
And a Heartful of Inspiration to Boot!

"The Miracle Man" is a powerful picturization of George M. Cohan's celebrated drama of flesh-and-blood men and women, sinning, struggling, loving, rising from the underworld into the light. It is a picture of crooked lives made straight, of sordid lives made bright, by the wholesome sway of the country and an old man's trust in men.

No propaganda. No creed. No "ism". A vivid, vital story of human hearts, told on the screen in scenes of marvelous variety. Driving ahead with action that grips and holds. Softened with humor so true that it laughs with all mankind, so deep that it starts the tears. This beautiful George Loane Tucker production is a Paramount-Artcraft Picture. It will send you home with a feeling of glowing satisfaction that you have seen a worth-while picture of worth-while things.

### "Nothing Like it Since Ben Hur"

"The Miracle Man" has made one of the most sensational popular hits ever scored on Broadway. Presented at the George M. Cohan Theatre at two dollar prices, it has turned away crowds at every performance.

Variety says: "Since 'Ben Hur' nothing approaching this has been seen on stage or screen, and it has 'Ben Hur' beat seven ways for sentiment."

The New York American: "Not since that memorable first night of Griffith's 'Broken Blossoms' has an audience been so intensely moved. The picture is truly remarkable."

The New York Evening Post: "We should have more of such pictures. The performance is better worth the money than many a spoken drama that enjoys a long run on Broadway."

The New York Globe: "Nothing more impressive than the scene in which the fake miracle turns real and the boy cripple throws away his crutches has ever been shown on the screen."

## The Dregs and the Wine of the World in the Act of Living--

Told In "The Miracle Man"

The deep, human appeal of "The Miracle Man" is evident. From darkness to dawn, from the depths to the heights, the story mounts with fascinating realism.

Startling scenes of the underworld; blood-stirring physical conflict; the thrills of crime and gam-play; love—that knit so naturally into this great, gripping drama that the result is an inspiring melodramatic masterpiece of screen entertainment.

The novel, by Frank L. Packard, won such unusual popularity that Geo. M. Cohan took the plot and moulded it

into one of the most notable plays of recent years.

Now, George Loane Tucker, with a genius for direction, a brilliant company of players, and the boundless resources of the Famous Players-Lasky Corporation, has built the play into a photo-drama that must rank as one of the towering achievements of the screen.

The best of life and the worst—in a story so great it couldn't be told in words.

From the reek of New York's underworld to a sleepy New England village, come four crooks, prowling for "easy pickings." The "Dope", a weasel of Chinatown; the "Frog", a counterfeit cripple; Tom Burke, a "Confidence King"; and red-lipped Rose, as fair of form as her heart is black.

Their intended prey—a simple old man and the "boobs" who think he can heal them by faith. \* \* \* Then the miracle! Not such a miracle after all when you know the human heart. "The Miracle Man" is calling you. Come!

## A Whole Life in An Hour

"The Miracle Man" crowds into one picture more experiences, good and bad, than most people know in a lifetime.

The story begins in New York's Chinatown, where a gang of clever crooks—the "Frog", the "Dope", Tom Burke and his "girl" Rose—conduct a thriving "business" of fleecing unwary slummers.

One day Burke reads of an aged deaf and blind man up in the country, who is said to heal the ailing by faith. He decides to exploit the "fake" and, with the help of his pals, make rich pickings from the "Miracle Man's" gullible patients.

Rose, assuming a role of sweet innocence, pretends to be a distant relative of the "healer" and goes to live in his cottage. The "Frog", a counterfeit cripple, crawls to the patriarch, untwists himself before a gaping crowd, and walks. The "Dope" acts as "promoter of miracles" and Burke "accepts" the contributions.

But, to the amazement of the rogues, the old man's simple belief works wonders. They find that their "fake" is bringing health and happiness to hundreds.

One by one, Burke loses his own gang. The girl pretending to be good, BECOMES good. In their new surroundings, the "Frog" and the "Dope" grow out of their old selves into MEN. Through jealousy and suffering and the gentle influence of the "Miracle Man", even the hardened, cynical Burke learns that money and vice are not enough.

The end is a happy beginning—for Tom and Rose, for the "Dope" and his village bride, for the "Frog" and his little "adopted mother"—of a new road that goes straight.
